BREEDING SHED

Keeping the Membership informed, LTBA President Warren J. Harang, III

As always breeding and foaling season keeps breeders burning the candle at both ends and the middle...it is always such a joy to see the current year crop of foals hitting the ground and giving us all hope for the next "big horse."

Starting on page 19 of this magazine, you can read about the 2019 running of Louisiana Premier Night which saw Grand Luwegee a surprise winner of the Louisiana Premier Night Championship race, on a brisk February night at Delta Downs. It is rare for the breeder, owner and trainer of a stakes horse to all be one and the same person. Congratulations to Gerard Perron, as well as the connections to all of the winners of this Louisiana Bred Stakes night.

You will also read in this magazine about the 2018 Accredited Louisiana Bred Champions. I never cease to be impressed by the caliber of our home-bred athletes. This year's winners include Midnight Fantasy, who ran undefeated in 2018; Classy John, who broke his maiden impressively at Saratoga and concluded his juvenile season with two consecutive stakes victories; Testing One Two who competed in and earned checks in the G2 Rachel Alexandra S. and G3 Iowa Oaks S.; Givemeaminit, another strong com-

petitor who ran against some of the best horses in the country with a third in the G3 Pat Day Mile at Churchill Downs and a fourth in the G2 Louisiana Derby; Monte Man won five of six stakes (while placing in the 6th) he entered in 2018; and Ours To Run who won five of her seven 2018 starts by a combined 22 $\frac{3}{4}$ lengths, including 4 stakes victories.

Delta Downs and Fair Grounds have completed their 2018-19 thoroughbred race meets. Evangeline Downs has just begun its 2019 thoroughbred meet which will run through August 24. The move to Memorial Day weekend seems to be a fit for Louisiana Legends Night which will run Saturday, May 25. Louisiana Downs will be opening its thoroughbred meet May 4 and will run through September 25 highlighted by Louisiana Cup Day, August 3, and Super Derby Day, September 7.

The recent Louisiana Derby Day at New Orleans Fair Grounds was a big success. It was a beautiful day with large crowds. While there for the Louisiana Derby, those present were witness to some fine Louisiana-bred stakes competition as well with the Crescent City Derby, Crescent City Oaks and Costa Rising Stakes all on the days race card.

On a sad note, the Louisiana Thoroughbred community lost one of our own with the sudden unexpected death of Jan Murrell. Losing Jan reminds me that our community has a bigger commonality than just business, and that we are more of a family of sorts. My deepest condolences and prayers go out to Val, Michelle and Trey, Jerold and Kate, and especially little Lizzy as they face the days and months ahead.

Encourage everyone to be actively involved in all aspects of our industry. Come to a board meeting; be informed and involved. Come to the races; bring your family and friends; the more interest we can generate, the better for all of us. "The more the merrier!" I hope to see big crowds at the Awards Banquet as well as the big Louisiana Bred stakes days at Evangeline Downs and Louisiana Downs.

We at the LTBA are doing all we can to be of service to you, the breeders. If you have any questions about our program, the staff in our offices at Fair Grounds and Louisiana Downs are happy to help. I personally am always happy to hear from you, especially with suggestions for improving our program.

DAAHER

One of the truisms of American breeding is that milers make the best sires. This tends to be something of a self-fulfilling prophecy since milers are usually better patronized than either pure sprinters or pure stayers. However, it also reflects the fact that milers tend to strike a happy medium within the American Thoroughbred population, able to take advantage of both speed and stamina in their mates. They also tend to be relatively intermediate in physical type between the blocky speedster and the lanky stayer as well, enabling them to blend with a large proportion of the available mares.

Daaher is new to Louisiana for 2019, and in him, the state's breeders are getting a horse that showed himself to be a first-rate miler on the track. They are also getting a proven sire that has shown the ability to throw consistent speed but still has the genetic wherewithal to get a two-turn runner from the right mate—and possibly even a Kentucky Derby candidate in Haikal, who on March 9 delivered an upset victory in the Gotham Stakes (G3).

Bred on Ontario by Yvonne and Dagmar Schwabe, Daaher had enough of looks and pedigree to sell to Shadwell for \$375,000 at the 2005 Keeneland September yearling sale. He did not race at 2. After breaking his maiden over one and one-sixteenth miles at Belmont Park in his second start, he was immediately thrown into stakes company in the first two legs of the Canadian Triple Crown, finishing fourth in the 10-furlong Queen's Plate and third in the Prince of Wales Stakes over one and three-sixteenths miles.

Trainer Kiaran McLaughlin added blinkers and dropped Daaher back a little in distance in a nine-furlong Saratoga allowance, and the result was explosive. The colt went to the front and was never headed, drawing off to a 13/4 length victory. Sent out next for the one-mile Jerome Handicap (G2), Daaher changed tactics, stalking a hot pace until the stretch and then taking command to win by 2/4 lengths in 1:34.28.

After that race, McLaughlin was talking of a possible start in the Breeders' Cup Dirt Mile (G1), but

Daaher ended up waiting for the Hill 'n' Dale Cigar Mile (G1). Facing off against TVG Breeders' Cup Sprint (G1) winner Midnight Lute (who ended the season as that year's champion sprinter), Daaher took the lead early and had plenty left in the tank when Midnight Lute came to him on the far turn. Turning back his year-old rival with relative ease, Daaher came home a winner by 2½ lengths, stopping the timer in 1:33.89. That was the last major triumph of Daaher's career; after two disappointing runs at 4, he was found to have ligament damage in a foreleg and was retired.

In spite of his obvious quality as a runner, Daaher has never seen heavy use as a sire even though his pedigree is certainly quite acceptable. Sired by 1998 Breeders' Cup Classic (G1) winner Awesome Again (whose other sons include the very successful Ghostzapper and Awesome of Course, sire of champion juvenile filly Awesome Feather and graded stakes winners Awesome Banner and Fort Loudon from limited opportunities), he is out of multiple listed stakes winner Irish Cherry, making him a full brother to multiple grade 1 winner Spun Sugar. He is also a half brother to Maraschino Red (by Medaglia d'Oro, whose Lemon Drop Kid daughter Hidden Treat was a stakes

winner at 2.

Irish Open, the broodmare sire of Daaher, was an extremely fast horse who won or placed in 20 stakes events before retiring to become a three-time champion sire in Texas, so Irish Cherry's speed was no surprise. Her dam Eston brought some more speed into the mix as she was sired by Ancestral, a son of English champion miler Habitat who won the Railway Stakes (G3) as a juvenile in Ireland and the San Diego Handicap (G3) as a 4-year-old in California.

As of March 10, Daaher has sired 138 foals aged 3 and up. 66 of those foals have won, and 10 have earned black-type stakes wins—an impressive 7.2 percent of named foals and fully 10 percent of those that actually start. 31—nearly half his winners—broke their maidens as juveniles.

The most promising cross with Daaher so far may be the Gone West branch of the Mr. Prospector line, already represented by Marvelous Queen (a champion in the Dominican Republic), stakes winner Our Caravan, and multiple stakes-placed Asiya. One possible reason why this is working is that Daaher's second dam Eston is inbred 3x3 to Sir Gaylord, whose half brother Secretariat is the broodmare sire of Gone West. This particular pedigree play also points to Storm Cat, whose dam Terlingua is a Secretariat daughter, and it's worth noting that Marvelous Queen's second dam is a Storm Cat mare, while a mare by Pioneering (Storm Cat's half brother) is the dam of the Daaher stakes winner Da Grump. The relatively uncommon Roberto male line is another worth considering with Daaher, having already yielded multiple stakes winners

Retrospection and Takrees. Finally, strains of In Reality are worth considering, as this is a bloodline that has historically worked well with Awesome Again and his sons and appears in the pedigrees of Daaher's stakes winners Our Caravan and One Last Empress.

“He's a nice big horse, a full 16 hands high with a lot of muscle,” says Amie Miller of Circle H Farms, where Daaher is standing the 2019 season for \$3,000 live foal. “He's just the sort you want if your mare is kind of lanky and you want her foals to have more power. We've already had a lot of interest in him with several contracts signed. Don Hargroder [the owner of Circle H] bred some mares to him while he was still in Kentucky, and we are really looking forward to seeing the foals.” Given what Daaher has already delivered, it seems that other Louisiana breeders also have a lot to look forward to.

GRAND DREAMS COME TRUE

Louisiana Premier Night 2019
By Chad Cooper • Photos by Coady Photography

The 16th annual Louisiana Premier Night at Delta Downs in Vinton, Louisiana failed to disappoint. The state's best four-legged athletes pounded the dirt on a 12-race card Feb. 9 that featured 10 stakes races with a total of nearly \$1 million in purse money. Of the 10 stakes, only one post-time favorite answered the call while jockey Diego Saenz, who won four stakes, helped an 11-1 longshot neck out a Premier Championship win in a storybook ending.

Gerard Perron saw a dream come true. His four-year-old colt, Grand Luwegee that he raised as a baby, who he both owns and trains, won the \$150,000 Louisiana Premier Night Championship in dramatic fashion.

horse in this caliber of race and actually win it.”

The son of El Corredor led from gate-to-wire, but saw his lead shrink to a neck at the wire. Jockey Diego Saenz set front-running fractions of 23.91, 48.33 and 1:13.30 with a finish of 1:45.80 over a fast track.

“The idea was to get in front,” said Saenz. “They let me get in front and get going. He was really relaxed.”

A three-length lead quickly diminished, as Givemeaminit would have needed another second to catch Grand Luwegee at the wire. Mageez finished another 3 3/4 back for third.

Perron gave credit to his assistant, Mario Reyes, who is a former jockey, for the horse’s conditioning.

“He was a little erratic in his 2-year-old year at Fair Grounds,” said Perron. “I think jockeys who were rid-

ing him put too much pressure on him, but Diego has good hands. In this race, we knew he needed to get out front and not get into a jam. He took off a little too fast, but it played out perfect.”

Grand Luwegee (\$24.20) has now won five of 13 career starts for career earnings of \$235,360. His next start will likely come on the turf at the Fair Grounds in New Orleans.

Pronounced “Grawn” Luwegee, Perron stated he lets his grandchildren name all his horses and also gives them 10 percent of the purse money to divide up.

The official order of the LAPN Championship was Grand Luwegee, Givemeaminit, Mageez, Grande Basin, Magic Vow, Underpressure, Afleet Ascent, Theoryintopractice, Why Joey Why and Social Misfit.

Breeder: Earl Hernandez, Keith Hernandez & John Duvieilh

Owner: Earl Hernandez, Keith Hernandez & John Duvieilh

Trainer: Sam David Jr.

Jockey: Timothy Thornton

Jockey Timothy Thornton knew Testing One Two was the horse to beat in the \$125,000 LAPN Distaff. He said if his and his filly Hyper Piper could get rolling, they had a good chance to win.

“She a big filly,” said Thornton of 6-year-old Hyper Piper, “so it takes her awhile to get underneath her. Once I got to the middle of the turn, we punched on.”

The daughter of Old Fashioned wore down Mr. Al’s Gal and finally took the lead near the 3/4-pole to cover 1 mile in 1:40.66 and defeat the heavy favorite Testing One Two by 1-3/4 lengths for owners/breeders Earl Hernandez, Keith Hernandez & John Duvieilh.

“She was sitting in a good spot and looked comfortable,” said trainer Sam David Jr. “Tim did a good job, and she always runs well for him. This was a tough group. She’s beat a few of these horses, but also lost to

Guilt Trip — Charming Colleen, by Charismatic

Breeder: James McIngvale

Owner: James McIngvale

Trainer: Chris Richard

Jockey: Gerard Melancon

Veteran rider Gerard Melancon, who is closing in on 5,000 career wins, has impeccable timing. A nose for the finish line, Melancon rallied Goodprofit (\$15.80) from 7 lengths by angling three-wide around the far turn to upend 1/5 favorite Midnight Fantasy by a neck in the \$100,000 LAPN Starlet in 1:41.25.

Melancon noted that Midnight Fantasy had bigger Beyer Figures, but that she had never been in a two-turn race or a mile.

“I knew I had to save every inch of ground if I had a chance to beat her,” said Melancon. “I was real lucky getting threw the final turn and it was inside the final 1/16th that I thought I would catch her. I had simple instructions from Chris Richard —help her get out the gates because she doesn’t break fast. The rest was up to me.”

“Goodprofit can rout, so I knew she had a good chance to be productive,” said Richard. “I was confident she could get up for second, but Gerard did a great job getting her up. He timed it perfectly.”

The official order of the LAPN Starlet was Goodprofit, Midnight Fantasy, Crescentcitypretty, Madeforlife, Cicada’s Song, Fugitive Lady and Miss Blitters.

The top Louisiana 3-year-olds battled it out in Race 8 on Premier Night, but in the end, it was a two horse race as to who would reign as the Prince.

After moderate fractions were set by 44-1 longshot Musada, 3-5 betting favorite Classy John took a 2-1/2 length in the stretch before Diego Saenz and Shang caught a late surge to overtake the chalk by a neck in 1:39.54.

“I placed the horse well through the race then he kicked it in late,” said Saenz. “This is a really nice colt.”

Run Production — Gal Wonder, by Three Wonders

Breeder: Carrol J. Castille

Owner: Whispering Oaks Farm

Trainer: Steven Flint

Jockey: Diego Saenz

Wonder Run pulled one of the bigger upsets of 2019 Premier Night. As Bending Saint led the way in 22.14 and 45.60, multiple stakes winner and favorite, Monte Man, made his move overtaking the leaders, but Wonder Run had fight.

The 11-1 longshot with Diego Saenz kept the horse outside then stuck a head in front and was too stubborn to give up the lead winning in 58.22 holding off Monte Man by a full-length to return backers \$24.20.

“The horse runs best when you keep him on the outside,” said Saenz.

Trainer Steve Flint complimented Saenz on a perfect ride and was very happy for his 7-year-old gelded son of Run Production.

“The horse is coming into his own,” said Flint. He has now won four of his last six races and we couldn’t be more proud.”

Wonder Run surpassed \$300,000 in earnings and took his ninth picture in 32 starts.

Half Ours - Brown Eyed Baby, by Mineshaft

Breeder: Clifford Grum

Owner: Colonel Thoroughbreds LLC

Trainer: Larry Jones • Jockey: Roberto Morales

J. Larry Jones’ 5-year-old mare Ours to Run showed why she is one of the top older female runners in Louisiana. The daughter of Half Ours broke nearly last in a field of 10 in an inside post, then went three-wide before rallying past rivals down the stretch to win for the fourth consecutive outing.

“It was a very rough trip,” said jockey Roberto Morales. “She likes to run in the clear, but I didn’t have a way through, so I had to take the rail to save ground. When we turned for home, the filly just did the job.”

Ours to Run (\$3.40) covered 5 furlongs in 58.73 to win by 1 length over a gamely Minit to Stardom, and Lovely Charlie, who was another 3/4-lengths back for third.

“It’s a real blessing to compete in Louisiana,” said owner Kevin Atwood. “We may next have to look at a

graded stakes.”

The official order of finish of the LAPN Matron was Ours to Run, Minit to Stardom, Lovely Charlie, Sarge’s Daughter, Shakopee Town,

Freud — Crypto Cream, by Cryptoclearance
Breeder: Tom Curtis & Wayne Simpson
Owner: Craig Drago
Trainer: Allen Landry • Jockey: Kerwin Clark

Justin Stormin proved to be an excellent \$10,000 claim by owner Craig Drago, who nabbed the 7-year-old gelding in November at Delta Downs after he won over a muddy track.

Since, the Allen Landry trainee has won consecutive stakes races in the \$60,000 B-Connected Stakes and the \$60,000 Premier Night Gentleman Starter. The son of Freud is 9-48 with \$283,855 on his resume.

“This horse has given me my

first and second stakes win,” said Drago. “No more claiming races for him.”

Just Stormin (\$7.20) led every inch of the way and covered the one and 1/16-mile course in 1:47.39. Even-money favorite Greeley’s Dealer, who was a perfect 5-for-5 this season at Delta Downs, dealt with some traffic issues and managed to finish third behind Big Boy Dave Rex.

“This horse love to run with ears straight up,” said winner jockey

Kerwin “Boo Boo” Clark. “I knew he had plenty left.”

The order of finish in the LAPN Gentlemen Starter was Just Stormin, Big Boy Dave Rex, Greeley’s Dealer, Mr. Graceful, Mallory’s Bandit, Choose No More, Wabash Cannonball, Zendelphian, Kapenta and Crooked as Can Be.

Leading trainer Karl Broberg had yet to win with Galaxy Thirtysix in two races after claiming the 5-year-old mare last summer at Evangeline Downs. A third place finish at Delta in October followed by a sixth place attempt at

Remington Park in December caused many of the betting public to overlook the daughter of Greeley’s Galaxy. Yet those who did back her, were handsomely rewarded with \$17.60 on a \$2 bet when rider Timothy Thornton

steadily drove clear past five rivals in the mile race in a time of 1:41.07.

“I thought there were be a little more pace early on,” said Thornton. “So I slowed her down and was able to work my way to the outside.

Once I got around, it was over.”

Owned by End Zone Athletics Inc., Galaxy Thirysix is now 4-27 with earnings of \$125,240.

The order of finish in the LAPN Ladies Starter was Galaxy Thirtysix, Tenpins Tempo, Maline, Native Wahoo, Kiss That Dude,

Who said starter stakes can’t be fun?

Toomuch and jockey Diego Saenz took the lead of the 5-furlong affair from tiring frontrunner Elektracutioner then had to hold off the favorite Our Millie to win the \$50,000 LAPN Bon Temps Starter by a head in 59.51.

“She was pretty comfortable, but

she was lugging in,” said Saenz. “I knew Our Millie was coming, but I thought she would have just enough to win and she did.”

Toomuch (\$14.20) improved to 7-27 with earnings of \$131,310.

“She’s been running good against allowances horses, but she was tired at the beginning of the Delta meet so we freshened her up,” said winning trainer Eddie Ramirez. “I thought the track was heavy and the front runners were tiring, so I am glad we got to come late and win.

The official order of finish in the LAPN Bon Temps Starter was Toomuch, Our Millie, Elektracutioner, Gg’s Gracefulgabby, Lucky Summer,

Green Lakes, Just Glossy and Untethered Soul.

“We claimed this mare at Louisiana Downs and the owners actually cried when we got her,” said co-owner Skipper Arsenault. “We have been close to winning stakes races with others horses, but this is our first as a owner.”

Faucheux

Trainer: Ron Faucheux

Jockey: Adam Beschizza

Trainer and co-owner Ron Faucheux said Hunker Down has become one of his favorite horses after claiming him for \$5,000 at Fair Grounds last November.

“Hunker is the most chill horse in our barn,” said Faucheux. “His demeanor correlates to his running style. He’s real easy on himself in the early stages of his races, but

when called upon he has a rare turn of foot you don’t see often.”

“The 5-furlong distance in the Premier Night Ragin Cajun at Delta was a bit of a concern, but Adam ‘The Biscuit’ Beschizza got him in the race a little earlier than normal. Once again when called upon, he showed that huge turn of foot.”

Beschizza help steer Hunker Down (\$5) out of trouble in mid-way of turn, then steered five wide and closed with a rush to win in 58.93.

The six-year-old horse improved to 6-27 for earnings of \$197,975.

“He was bit of a closer, but the wide post seemed to suit,” said Beschizza. “It was just a matter if I could get a passage through and time it right with a short stretch. I had plenty of horse underneath me.

With a claiming horse for \$5,000, they probably didn’t think they would win a stakes with him, but we did.”

The order of finish for the LAPN Ragin Cajun Starter was Hunker Down, Biblical Strength, So Sorry Ruston, It’s Mike’s Turn, River Bobcat, My New Guitar, Walking in Faith, I Rate First and Skylas Gold.

In March she added the Crescent City Oaks at Fair Grounds, a race she won comfortably by three and a quarter lengths while getting the mile and seventy yards in 1:43:21. May came along and the Louisiana Legends Night Soiree was added to her accomplishments while stopping the clock at 1:39:36 for the one mile event. Start the year with a win and end the year with a win is a pattern that worked for Givemeaminit on his journey to being chosen this year's Three-Year-Old Colt or Gelding.

After being stakes placed in the Grade I Hopeful Stakes and the Louisiana Futurity at Two, Givemeaminit didn't break his maiden until his first start in 2018. During the year he earned a check in the Grade II Louisiana Derby (4th) and finished third in the Pat Day Stakes on the Kentucky Derby Day undercard. Givemeaminit ended the year by winning the Louisiana Champions Day Sprint beating the previously undefeated Monte Man, this year's older male champion.

Ours To Run was unbeatable when running on the dirt in Louisiana. For the year she recorded she had five wins from five starts on the dirt. The only race she lost in Louisiana in 2018 was on the turf.

A win in the Delta Downs Louisiana Premier Night Matron, where she ran the five furlongs in 58:34, started off her stakes wins for the year. In May she captured the Louisiana Legends Night Mademoiselle at Evangeline Downs getting the five and one half furlongs in 1:03:41. She prepped for Louisiana Champions Day with a 1:09:42 six furlongs in the Happy Ticket Stakes at Fair Grounds in November, scoring by eight plus lengths. The Louisiana Champions Day Ladies Sprint was an easy end of the year win by five lengths.

Ours To Run is the only stakes winner produced by the winning

In a rare accomplishment, Monte Man did what few have succeeded in doing, that is win at each of the State Bred days in Louisiana.

Delta Downs in February found him winning the Louisiana Premier Night Sprint running the five furlongs in 58:05. Before the Louisiana Legends Night Sprint in May at Evangeline Downs he added the Costa Rising Stakes at Fair Grounds going five and one half furlongs on the turf in 1:04:28. Another five and one half furlongs (this time on dirt) in the Louisiana Legends Night Sprint was accomplished in 1:03:86. The Louisiana Cup Day Sprint at six furlongs saw him stop the clock at 1:10:17. The Heitai Stakes at Fair Grounds was run in 1:10:23 as a prep for the Louisiana Champions Day Sprint, where he was defeated by our champion Three-Year-Old Colt or Gelding, Givemeaminit.

Glory, Glory, Hallelujah

by Mary Marshall

Two families, one full of hope, one full of grief,
and a horse who brought salvation to them all.

Dusty Nassif and Stacy Bergeron with Carl's Glory. The horse is named in honor of Bergeron's late brother Carl whose kidney donation has saved Nassif's life.

Coincidence seems to defy the premise of logic and may have no rational explanation by the natural laws of cause and effect. When coincidence is life changing it can foster a deeper sense of awareness.

Even the confirmed skeptic will feel something because the perception of reality is knocked a little off balance by the seeming improbability of random events or not random at all. Ask Dusty Nassif, and he'll

tell you about coincidence, but he might call it something else--a miracle, a special connection between a horse and a higher purpose, or a combination of the two.

Dusty, a pharmacist by trade and

a horseman at heart, fosters a great love of horses and Thoroughbred racing. His favorite pastime was to spend time on his 50-acre farm with his small band of broodmares near his home in Alexandria. The female family of the Colonial Affair mare Girls Girls Girls was chock full of talented runners sired by Fusaichi Pegasus, so Dusty decided to breed her to the 2000 Kentucky Derby winner. It was a logical choice, but sadly wasn't to come to fruition. One afternoon while walking around the paddock, Dusty discovered that Girls Girls Girls had aborted twins.

“I was devastated,” Dusty recalled. “In spite of the bad luck, I decided to breed her back to Fusaichi Pegasus. It was a good cross on paper, and worth another try.”

Girls Girls Girls was sent back to the court of Fusaichi Pegasus in 2014. Dusty, optimistic and hopeful, kept his sights focused on the birth of a healthy foal that following spring.

A routine appointment with his

physician in the early fall of 2014 revealed a disturbing discovery that left Dusty distraught. He learned that his kidney function had dropped to a mere 11 percent.

Carl's Glory

Diagnosed with genetic polycystic kidney disease, Dusty had faced the fear of kidney dialysis after watching his father suffer through the process for nine years. After spending 3 ½ years on the Ochsner Multi Organ Transplant Institute list for a kidney Dusty was beginning to feel discouraged. He had been turned

down three times for a kidney, and the clock was ticking. He was worried about life and death; as well as fulfilling the promise of growing old with his wife Mary. It was all dependent upon a donor.

“I had been on the secondary recipient list for quite some time,” He said. “It is hard not to get your hopes up every time that you receive a phone call thinking this may be the opportunity you have been waiting for; a donor match. Then you realize for someone to give life they also had to die. It is extraordinary and heart wrenching at the same time.”

The clock stopped ticking on October 18, 2014 for 38-year-old Carl Bergeron.

Carl was a beloved family man from Opelousas, who loved fishing and spending time with his family and friends. Although he and his wife Jackie had been married for many years she was always introduced as “his bride”. Generous in nature, easy-going and always willing to lend a hand, Carl, a carpenter by trade, offered to take his nieces

to a local shopping mall. Seemingly the journey was a normal one for Carl until a faulty tire blew and catapulted the car into the median along the interstate.

After being transported to Rapides Regional Hospital of Alexandria Carl died several hours later from injuries he sustained in the accident.

On October 19, 2014 Dusty received a life changing telephone call.

“The Ochsner Transplant team called to tell me that I was the secondary candidate for a kidney transplant,” Dusty recalled. “I had been called at least two or three times and never received the organ. My wife Mary encouraged me to make the trip to New Orleans and I agreed. After settling into the hotel, we waited with anticipation. Around 10 p.m. the transplant coordinator called and said that I was a match with the donor’s blood. The hospital had performed extensive blood work to make sure I was a match. She then informs me that the primary patient was also a

match and would receive the kidney. I asked about the second kidney from the donor and the coordinator informed me that it was to be used for a pancreas and kidney transplant, and that I was not eligible for that kidney.

“Shortly after going to bed I began to experience pain on my left side. After an hour with no relief the pain was unbearable. I asked my wife to take me to the emergency room. After giving me more pain medicine and multiple tests at 1:30 p.m. my cell phone rings. It was the Ochsner transplant coordinator informing me that the kidney-pancreas transplant fell through and I was eligible to receive that kidney. To say I was shocked is an understatement. I explained my situation in the ER to the coordinator and she sent the transplant surgeon down to evaluate my condition. I was certain that it was either a kidney stone or a ruptured kidney cyst because of the extreme pain. Either would have eliminated me from being transplanted. To my surprise the surgeon found nothing at all.

How could I be in so much pain and yet nothing was wrong?”

The next day, October 20, 2014, Dusty underwent a successful transplant surgery and received the gift of life from Carl.

“My life has changed forever through the generosity of another human who I never knew,” he said. “I truly believe that Carl Bergeron somehow gifted me his kidney. The most mysterious aspect of it is why did I receive it? I was told by the coordinator that I wasn’t even eligible due to being secondary. Is it somehow possible that both patients were eliminated? That is highly unlikely. Then there was the phantom pain that took me to the Ochsner emergency room. I’m in the ER cool as a cucumber and the phone call comes. The surgeon evaluates me and tells me there is nothing wrong. I think I was chosen to try and help heal a hurting family that Carl so dearly loved and to spread the word on organ donation so that others may be gifted with life when faced with certain death.”

In mid-November 2014, Dusty

“Neither of us knew that Carl’s Glory would play such a significant role in helping to alleviate much of the pain this family was carrying.”

Donor and recipient families all turn out for the first start of Carl’s Glory.

“If just one person who saw him [Carl’s Glory] race and knew his story signed up to become

returned home to recover after the transplant. One of the first things that he did was to write a letter thanking the donors’ family for the gift of life from their deceased loved one. He did not know the donor at that time or the family. The letter was sent through the Louisiana Organ Procurement Agency, and it was up to the family if they wanted to make contact. For at least six months he had no reply.

Just when the future was looking bright, Dusty contracted cryptococcal pneumonia. In May of 2015 he was hospitalized for five days. After returning home, fatigued and not in the best of spirits, he received a welcome surprise.

“I received a letter from Carl Bergeron’s mother Susan Smith,” Dusty said. “It was the most amazing feeling of gratitude and joy. She explained that although she was filled with deep pain and grief from the loss of her son that she appreciated my gratitude and was willing to meet.”

Only two days after receiving the life changing letter a bay colt was born to Girls Girls Girls on

May 9. The foal was healthy and robust, and the future for the new youngster looked bright. The situation changed abruptly when Girls Girls Girls unexpectedly died. Although nearly two months old, the foal failed to thrive and was rushed to the veterinary clinic and diagnosed with rhodococcus pneumonia. The attending veterinarian, Dr. Montgomery, made no promises. The foal was down, not eating and did not appear to be recovering well. After several weeks in the clinic, the foal began to rebound, battling for his life and displaying a true “will to live” as the veterinarian explained to Dusty.

“It was then I realized the colt and I shared a common bond,” He recalled. “Following my transplant surgery, the doctor had exclaimed that I had an amazing will to live. From that point on, I knew this foal had a chance.”

Over the following year, the relationship between Dusty and Carl’s mother Susan and sister Stacy grew. Dusty became part of their family. He shared in their joy and their grief and learned more

about Carl’s life. Dusty asked Susan if she would like to name the foal in honor of Carl. She was elated and came up with the name Carl’s Glory for the plucky son of Fusaichi Pegasus. Stacy and other members of the family made regular visits to the farm to watch the colt grow and develop.

“Through the following months my relationship with Carl’s sister, Stacy Holland, really grew strong,” Dusty said. “At times when talking to Stacy the grief was overwhelming and she would cry. The whole family was hurting and having a difficult time almost two years after the death of Carl. I was happy because a new kidney meant a new life. I felt great, my energy level was out of sight, and my labs were good. But I could not take away the sadness and grief. Neither of us knew that Carl’s Glory would play such a significant role in helping to alleviate much of the pain this family was carrying.”

Carl’s Glory was slated to be sold in the Equine Sales of Louisiana Open Yearling and Mixed Sale on October 15, 2017.

an organ donor it would help to spread the word about how important donorship truly is.”

“Stacy and her daughter came to the sale,” He reminisced. “It was obvious that Stacy had bonded with Glory. They were taking pictures, hugging the colt and petting him. The plan was to run the colt through the sale, but those plans abruptly changed. As I was walking Stacy to her car, she broke down and started to cry. She didn’t want me to sell the colt. I ended up buying him back for \$5,000 and made a promise to myself and a higher purpose to give Glory a chance on the racetrack.”

In December 2017, Glory was sent to trainer Shane Wilson to begin his formal education. By the end of February, the colt was fit and ready to run. The problem was finding a race for the colt. There were only a couple of weeks left in the Delta Downs meet and all the race cards were full.

“Our only choice was to wait a month until Evangeline Downs opened their meet, so we could get him entered in a race,” said Dusty. “On April 18, 2018 we finally found a maiden special weight. When I entered the clubhouse and

saw the number of Carl’s family members that came to watch the race I was in complete shock. Three and a half years after my transplant I finally met Carl’s wife, son, daughter and the rest of the family. Miraculously the night of Glory’s first race was the birthday of Carl’s wife. No doubt a gift from her husband. Words cannot do justice to the emotional high I felt that night and subsequent nights that we met again to watch Glory race. Glory’s first race was a night of healing; all gathered to see a horse, who seemed to be less than ordinary going off at odds of 15-1 and running last beaten by 29 ¼ lengths.

“As a society it is funny how we define a winner,” Dusty continued. “It wasn’t the performance that Glory showed on the racetrack, it was what he did off the track. He connected an amazing group of people together, brought joy, healing and friendship to all who needed it the most.”

Glory ran his last race over the turf at Louisiana Downs on August 27, 2018. His new trainer Justin Jeansonne felt like Glory was sit-

ting on a win after finishing second in his previous start. He went off at odds of 2-to-1 but sustained a career ending injury in that race. He retired with seven starts, and one second for earnings of \$4,685.

Retirement from the racetrack wasn’t the end of the story for Glory. After hanging up his racing plates, he was acquired by horse woman Jade Favre, and was successfully placed in a home where he will have a chance to become a performance horse. The classy dark bay colt, now a gelding, lives with a veterinary technician and will have a chance to make new magic in the show ring.

“Glory is definitely a winner in life although he never made it to the winner’s circle,” said Dusty. “He brought together the most incredible group of people and helped to heal their hearts and souls. If just one person who saw him race and knew his story signed up to become an organ donor it would help to spread the word about how important donorship truly is. It is the gift of life, and that is precious, indeed.”

LOUISIANA HORSE RESCUE

By Patrick Richmond

SPRING IS IN THE AIR!

Every spring we all get excited to see the return of green grass, the arrival of newborn foals and the hustle of breeding season. At Louisiana Horse Rescue Association we have already had a tremendously busy year – and we are just getting started! There are things to report, things we need your help with and things that seem to stay the same no matter how hard we try to fix them. All in all, so far 2019 is off to a fast start, so here we go!

The first thing LHRA would like to share with you is the ARREST of an old nemesis to many of you, Gary Thompson of the infamous “Thompson Kill Pen” that has scammed so many people while operating under the guise of helping the horses. From the VPSO:

“Sheriff Sam Craft of the Vernon Parish Sheriff’s Office announces the March 20, 2019 arrest of Gary Thompson, age 64, of Pitkin.

The arrest is in relation to a joint investigation between VPSO and the Louisiana Livestock Brand Commission into allegations of the criminal neglect of horses on property owned by Thompson.

Thompson was arrested and charged with 18 counts of Cruelty to Animals. Bond was set at \$18,000.00. Thompson posted bond and was released.”

We have been promised that more arrests are pending, so there is much to celebrate. Please call the VPSO at (337) 238-1311 if you can and thank them for their actions! And always remember, the name “kill pen rescue” is designed to play on the compassion in the hearts of horse lovers. Seriously, if you care about the welfare of these animals you certainly don’t want them to end up at a location called a “kill pen”, right? We at LHRA often get emails or calls that a certain horse has a “shipping date” unless a person is willing to pay its “bail”. What actually is happening is that a sale barn is offer-

ing the horse at auction and is now attempting to rip off an unsuspecting person at the expense of a defenseless horse. These horses do not have a fixed “shipping date” to a Mexican or Canadian slaughter facility, nor have they been convicted of any crime that caused them to need bail money. I imagine that rather than the term “bail”, these so-called kill pen operators should be using the term “profit margin”. Sadly, this type of action only makes legitimate rescues and compassionate people out to be a bunch of fools. They use emotions and imaginary deadlines to cause a knee-jerk response which puts money in their pockets and takes money out of ours.

On the topic of money, the Jockey Club has a program which sends money to the “Thoroughbred Aftercare Alliance”, or TAA. This program adds a fee to your foal registration payment that is intended to fund equine rescue and re-homing efforts. “Thoroughbred owners and breeders can select one of the designated amounts or an amount of their choice to the checkoff program on the Application for Foal Registration form or during the payment process on Interactive Registration™.” Unfortunately none of that money goes to help horses in Louisiana. Zero dollars of about \$100,000 per year goes to Louisiana horses. Over just a few years, this amounts to hundreds of thousands of dollars. If each of you would please call The Jockey Club at (800) 444-8521 or (859) 224-2700 and tell them to give you an option for this money to remain in our state it would be a tremendous help to us at Louisiana Horse Rescue Association! We have asked for this help in the past, but we need it now more than ever – I doubt you will ever be invited to one of the TAA’s lavish parties, but

you can raise a ruckus and take back a few of your dollars, or at least keep them in Louisiana!

Last but not least, we would like to thank the people who have asked about donating a percentage of their LTBA breeder’s award money to help fund our rescue efforts. The LTBA is working on a new computer system for these payments and the new system will allow for this to become a reality, so hang in there! We appreciate every one of you that has come forward to offer to help LHRA.

LHRA continues to give back 100% of the money we take in to buy feed and medicine for our horses. We are an all volunteer association and we have some of the greatest people in the industry supporting us. We are well-respected by our peers and we always reach out to help or advise the state agencies that call upon us. We are thankful for the help we receive from the LTBA, the HBPA, the Louisiana State Racing Commission and the LSU School of Veterinary Medicine and as always we strive to educate and bring continuity to our industry. You can learn more about our mission at our website, www.louisianahorserescue.com, and you can find us on facebook at www.facebook.com/lhra1, along with about 17,000 of our supporters there. As the LHRA board president, I am honored to have the very best board members anyone could ask for. .

ADVANCES IN EQUINE REPRODUCTION

Some of the routine methods of dealing with reproductive problems have improved over the past several decades and there are also new technologies that have helped fine-tune these methods. There are also some new advances in enhancing mare or stallion fertility, according to Maria Schnobrich DMD, DACP (boarded theriogenologist at the LeBlanc Center for Reproduction, Rood and Riddle, in Kentucky). She and her colleagues at Rood and Riddle have done some studies and have also worked with several universities on studies looking at ways to improve fertility.

Schnobrich says continued collaboration between clinical work and research-based reproductive studies have helped optimize success in equine reproduction. “Through combined efforts of farm managers, horse owners and veterinarians (and an open mind to new research), we continue to make advances.”

Lab Assay to Test for Biofilm

“If the mare has a persistent infection, there is a new assay we can use for testing to see what the best treatment option might be, for the microbe that was isolated from the mare’s uterus. It is thought that some of the mares that have persistent infections (that won’t clear) might have bacteria living in a dormant state or within a biofilm that offers the bacteria some pro-

tection. These bacteria have increased resistance to antibiotics, sometimes requiring much higher concentrations of antibiotics to kill them. We need ways to disrupt the biofilm or use a different mechanism to kill them,” says Schnobrich.

“We’ve been working with Dr. Ryan Ferris who developed an assay that we can use for testing, through his work on equine biofilm while he was at Colorado State University. His work demonstrated that biofilm is generated in the mare’s uterus with infection of certain bacteria. For those of us who are trying to resolve these infections, we use biofilm disrupters like hydrogen peroxide, Tricide, N-Acetylcysteine or DMSO. Now we can test to see which of these treatments would be most efficacious against a particular biofilm. We can take a culture from the mare and determine whether she has a bacterial infection and if those bacteria produce a biofilm, we can run this test to determine which type of medication would work best to treat that specific biofilm. The cultured bacteria forms a biofilm and then we test it with these agents to see which one gives the most reduction in biofilm and bacteria,” she says.

This might be one more way to treat mares that are difficult to get pregnant because of persistent infection, and could lead to a more rapid resolution of the infection.

“This should help us provide a more targeted treatment for these mares because it helps us know which agent will be best to use,” she explains.

Managing Ovulation

Some of the things that negatively impact a mare in terms of reproductive ability are her age, and the time elapsed between breeding and ovulation. “We must ensure timely ovulation relative to breeding. Though factors such as age and stallion subfertility may be difficult to overcome, ensuring that your mare ovulates soon after breeding will increase likelihood of establishing pregnancy. In Thoroughbred breeding, the longer the time span from the time she is bred to the time she ovulates, the lower her per-cycle pregnancy rate. It is very important that your mare is managed so that she ovulates within 24 to 48 hours from breeding,” says Schnobrich.

The egg only lives a certain length of time but the bigger issue is semen viability and longevity. If the mare ovulates more than 48 hours after breeding, some stallions’ semen won’t last long enough; there may not be enough sperm present to facilitate conception. “The egg may be ready but the sperm may not survive that long. The stallion may have poor longevity; his sperm may not be able to maintain motility that long, or he may be breeding so many mares that his sperm numbers are

too low. When the mare finally ovulates, after two days there may be no viable sperm left,” she explains.

It is important from a mare management standpoint to determine (and plan breeding relative to) when she will ovulate. “With most Thoroughbred mares we recommend giving an ovulation-inducing agent the day before breeding. Mare owners should make sure their veterinarian is able to optimize the time of ovulation, and give the mare this drug 24 hours before breeding, so she will ovulate in that ideal time frame (12 to 24 hours after breeding).” This will give the best chance for conception.

“Additionally, administration of cloprostenol (Estrumate) 4 to 6 hours after breeding has shown some evidence that it may help a mare ovulate sooner or more reliably, as well as assist with uterine clearance post-mating,” says Schnobrich.

Post-Breeding Management

Your veterinarian should evaluate the mare for evidence of endometritis (inflammation of the endometrium—the inner lining of the uterus) and manage treatment accordingly. “This might be accomplished with post-breeding lavages, or use of a mucolytic like acetylcysteine (which helps thin and loosen mucus), or ecbolic drugs like oxytocin to aid uterine clearance (stimulating contractions of the uterus). We want to get the uterus as healthy as possible after breeding (get rid of any debris—seminal fluids, dead sperm, bacteria, etc. that was introduced by breeding) before the embryo comes into the uterus from the oviduct,

about 6 days after ovulation,” says Schnobrich.

“It takes that long for the embryo to make its way through the oviduct and into the uterus. This gives us a window of time to get the uterine environment cleaned up so it will be a healthy place for the embryo to attach.” It’s a multi-step process. We try to get the mare to ovulate on time, and now we need to optimize the uterine environment so the embryo will survive.

Diet and nutrition are also important in terms of being proactive in preventing inflammation. “Some mares are on a very high carbohydrate diet and we’ve found that things like diet change and addition of omega-3 fatty acids may be helpful for modulating inflammation. This can be helpful for broodmares that are prone to becoming inflamed during breeding season, and there is also evidence of beneficial effects in stallions, as well. There are many good feed products that are high in omega-3 but it is good to evaluate the diet and look at the whole picture,” she says.

Monitoring Pregnancy

“The next step is monitoring the early pregnancy, making sure you don’t have twins, and no evidence of hormonal abnormalities (low progesterone) or persistent inflammation. Then we continue to monitor the health of the pregnancy to see if there is anything else that needs to be done. There might be concerns later in gestation (after 100 days) about ascending placentitis or other pathologies, and the mare may benefit from treatment. The overall health, vaccination, and comfort of the mare are important for producing a healthy foal. There

are many things we need to keep track of,” says Schnobrich. Once the mare is pregnant, you want to keep her that way, and ensure a healthy gestation and a healthy foal.

Flushing a Plugged Oviduct (Ovaduclal Hydrotubation)

“This is something that can sometimes help a mare become pregnant if other efforts fail. There are many different pathologies that can cause a mare to not become pregnant, but in this instance we often are not sure exactly what is causing the infertility, and we may utilize this flush if the mare is unable to establish a pregnancy,” she says.

“The mare usually has a history of producing pregnancies and then just stops. She may have a year when you can’t get her pregnant at all. At the 14-day pregnancy check there is no embryo. It can be a maiden mare that will not become pregnant despite appropriate breeding management, or a mare that’s had pregnancies in the past.”

The flushing procedure involves use of a sterile solution, flushed from the uterus into the oviduct, toward the ovary. This is a standing procedure with the mare sedated. “The idea is to mechanically alter the oviduct and restore function. This can sometimes help a mare become pregnant if all other efforts have failed and all other pathologies have been ruled out,” says Schnobrich.

“The mares that we would try this with are mares who have no known genetic issues and cannot produce a pregnancy despite appropriate breeding management; there is no infection or any other pathol-

ogy that could explain the failure to conceive, after multiple sires have been tried.”

The mare’s oviduct is unique compared to other domestic animals. “There is a small sphincter that only allows the embryo to pass through, and not unfertilized eggs. We don’t know whether the oviduct in this area is prone to closing off because of debris or some other problem, but the flush basically cleans it out and seems to restore fertility in some cases,” says Schnobrich. There are some other treatments that have been used in the past with good success to remedy this problem, but the flush is easier and does not require surgery.

“We do the flush using hysteroscopy with a little camera on the endoscope so we can identify and locate the opening of the oviduct, and flush fluid through it. This procedure seems to work on a

select group of mares and was developed by a Japanese veterinarian, Yuji Inoue, who has published research on its efficacy. If we do appropriate case selection (mares that we suspect might have this problem, with the correct history and everything else is normal), about 60 to 70% of those mares become pregnant within two covers. We did a study on this a few years ago and found that this procedure can be very effective, given the right case selection,” Schnobrich says.

“Recent work by Dr. Stephanie Walbornn has shown similar efficacy between oviduct flushing and prostaglandin (PGE2) gel applied to the oviduct. Both procedures are available. There may be further advances in using a PgE1 (just applying that to the oviduct opening) but further research needs to be done.” The oviduct flush or

application of the gel is one more thing a person could try if a mare fails to become pregnant.

In summary, Schnobrich says evaluation of the whole horse (mare or stallion) is important, since reproductive success is most likely when the horse is in peak health. “Working with experienced farm managers, well-rounded veterinarians, and reproductive specialists who can provide extra assistance if needed, helps horse owners achieve optimal results. The reproductive teams at referral hospitals and specialized repro facilities work hard to stay involved with current research, and often collaborate with veterinarians to bring the newest advances to the field for improvement of the horse,” says Schnobrich.

WinStar Farm stallion Pioneerof the Nile dies

WinStar Farm stallion Pioneerof the Nile died suddenly Monday, March 18. The 13-year-old son of Empire Maker—Star of Goshen, by Lord at War (ARG), bred a mare that morning and started acting uncomfortable once he was back in his stall. He was en route to the clinic when he died.

“We are all extremely saddened by the loss of Pioneerof the Nile,” said WinStar Farm’s Elliott Walden. “He was a superior physical specimen, a Triple Crown Sire, and a unique personality.”

A multiple Grade 1-winning millionaire on the racetrack, Pioneerof the Nile is the sire of two 2-year-old male Eclipse Award winners and two Breeders’ Cup winners from his first four crops to race—Horse of the Year and Triple Crown winner American Pharoah and Classic Empire.

Pioneerof the Nile was a leading sire of his generation for the past three years, including No. 1 sixth-crop cumulative sire in every category: Grade 1 winners, G1 horses, graded stakes winners, black type winners, earnings, etc.

SALES NEWS

Texas 2-Year-Olds in Training Sale Moved to April 10

The Texas Thoroughbred Association, in partnership with Lone Star Park, has announced a catalog of more than 135 hips for the Texas 2-Year-Olds in Training

On Louisiana Premier Night at Delta Downs, LTBA gave away two scholarships in the amount of \$1,000 each to lucky drawing winners. Pictured (l-r) Scholarship winner, Miah Lognion, McNeese State University; Louisiana State Representative James K. Armes; Scholarship winner, Ariel Hanna, McNeese State University; LTBA Secretary/Treasurer Roger Heitzmann III.

Sale. The Texas 2-Year-Olds in Training Sale, originally scheduled for April 9, has been moved to Wednesday, April 10, at 12 noon. The undertack show will be held on the originally scheduled date of Sunday, April 7, at 10 a.m. Both the auction and undertack show will be held at Lone Star Park, which co-sponsors the sale with the Texas Thoroughbred Association.

“After talking with some of our major buyers, and confirming that our consignors were in support of the change, we decided to move the date back a day,” said Tim Boyce, sales director. “We think this new

date on April 10 will allow as many buyers as possible to attend in person, and as always we will accept phone bids from those who cannot.”

All sale graduates will be eligible for the Texas Thoroughbred Futurity, run in divisions for fillies and colts/geldings at \$100,000-estimated apiece this summer at Lone Star.

The interactive catalog, which will include photos and videos after the undertack show, is now online at www.ttasales.com. The auction will also be broadcast live on the website.

For more information about the sale, including replays after the undertack show and live video of the auction, go to www.ttasales.com.

Keeneland Adds Horses of Racing Age to April Sale

Keeneland has expanded the April Sale, which traditionally features only 2-year-olds in training, to include horses of racing age this year, the Lexington operation announced Jan. 30. The April Sale is scheduled for April 9.

"Keeneland's spring meet is a convergence of horsemen heading home from their winter bases," said Bob Elliston, Keeneland's vice president of racing and sales. "The addition of a horses of racing age component to the April Sale complements our racing program and offers variety to buyers in town for opening weekend."

Keeneland conducted the April 2-Year-Olds in Training Sale from 1993-2014. At the 2014 April Sale, the auction house sold 38 head for a total of \$8,769,000 and an average of \$230,763. The sale topper, a Malibu Moon colt out of Tap Your Heels, the dam of Tapit, brought \$1 million. The sale has been on hiatus since then.

Gross Up, Average And Median Down At OBS March Sale

The 2019 edition of the Ocala Breeders' Sales Co. March 2-Year-Olds In Training Sale saw unprecedented bounty at the very top of the market, but mid-level trade took a step back in the juvenile auction season's first event.

The two-day auction saw 309 horses sold for revenues of

\$44,422,500, up 5 percent from last year's final gross, when 257 horses brought \$42,275,000.

Propelling that trade was a Tapit colt who sold during Tuesday's opening session for \$2 million, making him the most expensive offering in the history of the OBS March sale.

The colt, sold to the partnership of West Point Thoroughbreds, Robert Masiello, and Siena Farm, with breeders Chester and Mary Broman staying in for a one-third share. The colt was consigned by Sequel Bloodstock, as agent.

That colt was one of two offerings that eclipsed the seven-figure mark, joined by a Pioneer of the Nile colt who sold to Larry Best's OXO Equine for \$1.2 million.

Rank-and-file trade was not at the same numeric pace as the 2018 edition. The average sale price finished at \$143,762, down 13 percent from \$164,494, while the median price declined 24 percent to \$80,000 from \$105,000.

The buyback rate finished at 23 percent, which was a significant drop from 29 percent in 2018. OBS director of sales Tod Wojciechowski inferred that the declines in average figures could be tied to the lower buyback rate, with sellers showing a greater willingness to let a horse go at a lower price point.

Eddie Woods was the auction's leading consignor by gross, with 18 horses sold over both days for \$4,317,000. His draft was led by an Into Mischief colt who sold to Spendthrift Farm for \$550,000. Narvick International, acting on behalf of Prince Sultan Bin Mishaal Al Saud of Saudi Arabia, was the top buyer, with eight purchases totaling \$3,050,000.

Horsemen Smash Records At Delta Downs During 2018-19 Season

It was a season of records at Delta Downs in 2018-19 as new limits were reached in each of three horsemen's categories during the 84-day meeting that wrapped up on Tuesday, March. Leading rider Tim Thornton set a new record for mounts earnings in a single meeting while trainer Karl Broberg and owner End Zone Athletics, Inc. established new marks for wins as well as earnings.

Thornton rode 142 winners during the season to earn his first local

riding title and his mounts earned \$2,894,080. His win total approached Gerard Melancon's 2007-08 mark of 146, however his earnings total did establish a new record.

Following Thornton in the jockey standings were Diego Saenz (86 wins), Gerard Melancon (56), Thomas Pompell (46), Eguard Tejera (41), *Paulina Ramirez (31), Emanuel Nieves (28), Kevin Smith (28), Chris Rosier (28), and Kerwin Clark (27).

Broberg continued his dominance at Delta Downs in 2018-19 by sending out 107 winners and totaling \$2,017,120 in earnings. Both numbers established single-season records. It was also the first time a trainer had won more than 100 races and gone over the \$2 million mark in earnings at the Vinton track. The accomplishment capped off a season that saw Broberg win his eighth straight training title at the Delta.

Rounding out the top 10 trainers for the 2018-19 season were Tom Amoss (32), Scott Gelner (30), Beverly Burress (27), Joel Berndt (24), Brett Brinkman (22), Robertino Diodoro (21), Sam Breaux (21), Dale White, Sr. (19), and Eduardo Ramirez (19).

And finally, records were also set in the category of leading owner this year as End Zone Athletics, Inc. saw 50 of their runners make it to the winner's circle earning a total of \$873,545. Both numbers established new single season records and it was the seventh time overall that End Zone Athletics, Inc. has won the leading owner title at Delta Downs. End Zone Athletics, Inc. is made up of trainer Karl Broberg and Matt Johansen.

Following End Zone Athletics in

the owner standings this year were M and M Racing (Mike Sisk) (14), Brittlyn Stable Inc. (Evelyn Benoit) (14), Maggi Moss (11), Keene Thoroughbreds LLC (Danny Keene) (9), Giddy Up Racing, LLC (9), Beverly Burress (7), Dale White, Sr. (7), Wayne T. Davis (7), and Circle H Farms (Don

Growth in Average Daily Purses Among U.S. Tracks

Changes made in 2017 to federal tax withholding and reporting on winning pari-mutuel wagers was expected to boost overall handle figures by promoting more churn through the windows. Higher churn was then expected to boost purses, which are fueled largely from a percentage of wagering.

Expectations came to fruition, with Equibase reporting growth in both United States purses and handle reported for 2018. Wagering increased 3.3% to more than \$11.26 billion and purses grew 3.5% to more than \$1.11 billion.

Racetracks were significantly affected by this growth.

Among racetracks running 50 or more days of live racing, Delta Downs reported the largest increase in average daily purse—a 32% increase to \$273,809. Since 2001, Delta Downs has had the benefit of slots machines to enhance purses. The top 10 racetracks by percent increase in average daily purse include only two that do not offer any kind of alternative gambling. Those who reported growth without the benefit of slot machines or card tables are Arlington International Racecourse, up 14%, and Golden Gate Fields, up 7.9%.

Oaklawn Increases All Overnight Purses

At Oaklawn, purses have been steadily rising for 11 straight years. Oaklawn increased all overnight purses, some as much as \$6,000 for

the 2019 Thoroughbred race meet. Maiden special weights and open allowances have been bumped \$6,000 and are now \$83,000 and \$87,000, respectively. Purses for all claiming races with a claiming price of \$16,000 or greater, maiden claiming races with a claiming price of \$20,000 or greater and starter allowances have been increased by \$3,000. All other races have been increased by \$2,000.

“We are mindful of the fact that bigger purses bring in the best horses and human athletes, which in turns brings out the fans. Our goal is to have the richest and most competitive racing product in the coun-

try between January and early May.”

Oaklawn’s 2019 live meet continues through Saturday, May 4.

Lone Star Releases 2019 Stakes Schedule

Lone Star Park has scheduled 13 stakes races worth over \$1.1 million for its upcoming 44-day Thoroughbred meeting which opens Apr. 18. Highlighting the 2019 stakes offerings is the \$300,000 GIII Steve Sexton Mile, which will be run Apr. 28. The meet will also include the first running of the \$100,000 Lone Star Park Turf S. for fillies and mares to be run May 27. Two cards will fea-

ture four stakes each for Texas-bred runners; June 23’s Lone Star Showcase Day and July 14’s Stars of Texas Day, presented by Highlander Training Center.

Under the proposed package, three-year racehorse depreciation would be retroactive for 2018, continue through 2019 and grant taxpayers the option to depreciate all racehorses over a three-year period.

Three-year racehorse depreciation was most recently available to the industry in 2017 but Congress did not renew it for 2018 as part of the Tax Cuts and Jobs Act (TCJA) passed in December 2017. The TCJA did include 100% bonus depreciation and a \$1 million Sec. 179 expense allowance for qualified depreciable property, two important investment incentives that lessened the need for three-year depreciation in many cases.

However, three-year depreciation continues to be a beneficial option for many racehorse owners, especially racing partnerships with multiple passive owners, as it better aligns deductions with corresponding income opportunities on an annual basis.

The NTRA federal legislative team will pursue passage of three-year depreciation as part of this tax extenders legislation.

2019 Jockey Club Fact Book Available

As of Thursday, February 14, 2019, The Jockey Club's 2019 edition of the Fact Book is available in the Resources section of its website at jockeyclub.com.

The online Fact Book is a statistical and informational guide to Thoroughbred breeding, racing and auction sales in North America. It also features a directory of Canadian, international, national, and state organizations.

Links to the Breeding Statistics report that is released by The Jockey Club each September and

the Report of Mares Bred information that is published by The Jockey Club each October can be found in the Breeding section of the Fact Book. Starting this year, the Fact Book will be updated quarterly, and additional statistics will be made available in the coming months to provide additional insight into overall trends in Thoroughbred breeding, sales, and racing.

The 2019 editions of State Fact Books, which feature detailed breeding, racing and auction sales information specific to numerous states, Canadian provinces, and Puerto Rico, are also available on The Jockey Club website. The State Fact Books are updated monthly.

Additional information is available at jockeyclub.com.

Experimental Free Handicap Discontinued

Because of waning relevance and interest, for 2019 The Jockey Club ceased publishing its Top 2-Year-Old Rankings.

First published in 1933 as the Experimental Free Handicap, the hypothetical ranking of 2-year-olds at a distance of 1 1/16 miles was a variation of England's Free Handicap ranking. Seven of the 13 Triple Crown winners were the highest ranked in the Experimental Free Handicap. The most recent winner of the Triple Crown, Justify in 2018, was unraced as a juvenile.

RMTC Approves Over \$250,000 In Tactical Research Projects

At its February 11 meeting at Gulfstream Park in Hallandale, Fla, the Racing Medication and Testing Consortium (RMTC) board approved the funding of two tacti-

cal research projects with a combined price tag in excess of \$250,000, as a continuation of its ongoing focus on detecting and eliminating illicit substances in racing.

First, the RMTC is seeking to develop an inexpensive screening method for the detection of potential blood doping. The proposed project, if successful, will provide racing laboratories with a relatively inexpensive method of detecting nefarious administrations of EPO and related blood doping agents by detecting changes in the horse's blood. The goal is to detect many more EPO substances at much lower concentrations than previously achieved.

The second tactical research project will be completed at the University of Florida Racing Laboratory and will be focused on the detection of the nerve-blocking agent known as liposomal bupivacaine. When misused, this drug has the potential to last for several days and evade detection in the laboratory. The goal of the project will be to determine how long these products last in the horse and to develop methods to detect and identify them in post-race testing.

Additionally, the RMTC board heard an update regarding the detection of LGD-4300 – one of the substances known as SARMS. LGD-4300 creates anabolic-like effects in the horse.

For additional information, visit the RMTC website at rmtcnet.com or contact Hallie Lewis, RMTC communications and development consultant, at (859) 759-4081.

Warren Harang III requested that Roger Heitzmann call the roll. Roger informed Warren that with the number of absent officials, he had a quorum but not two thirds of the board. With that number we could not change any by-law at this meeting.

Warren asked Jake Delhomme to lead us in prayer.

Warren addressed those that were present that he was under the impression that we would have the numbers needed to proceed with the planned changes that we presented at the December 7, 2018 meeting. He found out as he traveled to the meeting that we would not have the numbers needed for a change, but thought we should still have the meeting.

Charlotte Clavier stated her opinion on the change discussed, which is that we are open enough to meet criteria for an accredited Louisiana bred. Her opinion is that the rules should be stricter than what they currently are.

Discussion between members of the board about the pluses and minuses of our current breed back rule continued. The financial situations the people of Louisiana have been in recently, as well as our standing in Baton Rouge were also discussed.

Michelle LaVoice voiced her concerns with the recent lack of participation from breeders in other states due to the rules of our association being so strict. She feels that the loosening of the rules just a bit will bring more commerce to the state then we currently have. She points out that other states have done this and it's taken our business.

Gaming and the lack of OTB's by tracks other than the Fairgrounds was another topic of discussion.

Discussion returned to how other states are moving their rules back to a less restrictive nature in order to attract more mares to foal in their state. New York was used as the most effective example.

Michelle LaVoice pointed out to the board that the key to selling a Louisiana bred, Louisiana sired horse is to improve your mares. They will pay more for the Louisiana sired horse if it's out of a

better mare. Jake pointed out another problem that we have is that we don't have the sires that haven't failed yet. Most of the sires that we bring to the state have already shown what they can't produce. A first time sire like Iron Fist hasn't failed. His foals will sell well until he shows otherwise.

Warren Harang pointed out that our program is not broken, but we need to tweak something to straighten it out. He asked how we do that. We can't keep talking about it and not do anything, and continue to believe it's going to change.

Without the number of board members being present to be able to act on the by-laws Charlotte asks to move on to another subject. She suggested that we speak on the upcoming legislative meetings. Charlotte suggested some luncheons or an outing to show them what we do. Jake Delhomme countered that what we need is facts in their hands. They have told us that this is what we have to do. Charlotte said that we should do both. Val Murrell agreed. Discussion also took place on the upcoming Governors Race.

Warren asked is there something we want to do today. With nothing on the table at this time Warren asked to adjourn the meeting. This was seconded by Tom Early and the meeting was adjourned.

Warren J Harang III called the meeting to order and asked Jake Delhomme to lead us in prayer.

Jake Delhomme led us in prayer.

Warren asked Roger Heitzmann to call the roll. Carrol Castille and Charlotte Clavier were absent. A quorum was present and the meeting was ready to proceed with business.

Warren requested from the board if there were any changes to be made in their conflict policies. Hearing none, he moved forward with the meeting.

Warren asked the board for approval of the minutes for the October 2, 2018 Board of Directors Meeting.

Tom Early made a motion to approve the minutes. This motion was seconded by Michele LaVoice which was voted on and passed unanimously.

Warren then requested committee reports.

Committee Reports:

By-Law: Val Murrell – Chairman

Val Murrell submitted By-Law Changes recommended by the By-law Committee. He noted that the committee voted to recommend these changes to the by-laws. Val made a motion to approve the changes submitted. Tom Early seconded the motion. Warren opened this for discussion. Jay Adcock opposed the by-law changes as written and a discussion ensued. Brett Brinkman, Jay Adcock, Val Murrell, Danny Guidry, and Tom Early all provided their views on the change or the possibility of some change. The main reason to produce some kind of change is to help bring the numbers of foals up from the sinking numbers we have shown in recent years. Jay is very concerned that we can't bring back the Z horse.

Michelle LaVoice pointed out that we are so restricted that breeders are leaving our state to go to other programs because they are not as strict in breed back or domicile rules.

Brett Brinkman pointed to the reason we have to stay so restricted because we have to protect ourselves from others in Baton Rouge. He said perception is key to those who really don't know about the business.

Danny Guidry pointed out various reasons on how the rules as presented will help the economy of the state, and how the Z rule only helped our program not hurt it when we had it in the past.

Discussion continued back and forth for some time with the whole board participating.

Discussion then took place as to whether or not the removal of any Z horse rule would get the new rules passed to enable mares to move more freely. Members of the board had not fully read the proposal A or proposal B. This caused reason for some members not to vote on it.

Discussion continued going over many scenarios that may happen. Discussion also took place on the rule passed at the last meeting that a mare could leave the program after her second Louisiana foal.

Suggestions continued to be made back and forth on the subject with no determination being made. Members of the board did not want to vote on this today as they wanted to see a final proposal on paper before voting.

The proposals were removed from the table to be discussed at a meeting in the future after some additional changes are made by our attorney.

Jake Delhomme had to leave the meeting for personal reasons.

Finance and Audit: Tom Early – Chairman

Tom asked if everyone had their copy of the financials to which they all agreed. Tom presented the financials noting differences compared to last year and explaining the differences. Tom pointed

out the net income being significantly higher than last year and how we are moving in the right direction in operations.

Tom then turned the floor over to Therese Arroyo to ask for changes in budgetary variances. After making five changes Michele Rodriguez made a motion to accept the changes Therese asked to be made to the budget. This motion was seconded by Brett Brinkman, which was voted on and passed unanimously.

Tom made a motion to accept the financials as presented. This motion was seconded by Michele Rodriguez, which was voted on and passed unanimously.

Government Affairs: Jake Delhomme – Chairman

This is going to be a tough year in the legislature. Get ready for spending time there and on the phone.

Grievance Committee: Michelle LaVoice - Chairperson

Michelle had no report for this meeting

Inspection Committee: Brett Brinkman – Chairman

We are currently looking into a couple of possible violations. We'll get back to the board if needed.

LTBA/HBPA Liaison Committee: Val Murrell – Chairman

Val informed that the HBPA is doing a fine job in representing the horsemen. Michele Rodriguez spoke on the time it takes for tests to clear. Keith Hernandez, who is on the board of the HBPA, answered her concerns.

LTBA/LSRC Liaison Committee: Jake Delhomme – Chairman

Brett reported on behalf of Jake on recent happenings with the HBPA. The pros and cons of recent meetings attended.

Michele Rodriguez made a motion to go to Executive Session. This was seconded by Brett Brinkman. Warren called for Executive session.

Val made a motion to exit Executive Session. This motion was seconded by Tom Early, which was agreed upon by all.

Warren informed Roger Heitzmann that he was to present the staff with a Christmas Bonus equivalent to last year.

The board asked Roger and Alex Bonin to get us ready for a special meeting as quickly as possible.

Tom Early made a motion to adjourn. This motion was seconded by Michele Rodriguez, which was voted on and passed unanimously.
