BREEDING SHED

Keeping the Membership informed, LTBA President Warren J. Harang, III

Breeding and foaling season is in full swing as can be attested to by the dark circles under the eyes of breeders who have been up all night on foal watch. By all accounts, the number of foals appears to be up from 2017. This year we are optimistically estimating the Louisiana bred foal crop to be approximately 1,250. Breeders are responding positively to the influx of new stallions in Louisiana for the 2018 breeding season, so we are anticipating an upswing in our numbers moving ahead.

While on the subject of stallions, Real Solution, who is new to Louisiana for the 2018 season had a pair of two year old colts sell at OBS March 2YOs In Training sales for \$1,000,000. His average of \$500,000 is the highest of any other stallion with at least 2 selling through the ring. Congratulations to his connections.

The recent Louisiana Derby Day at New Orleans Fair Grounds was a big success. It was a beautiful day with large crowds. Louisiana-bred G1 placed Givemeaminit ran 4th in the main event competing gamely amongst some of the top runners in the country. And the crowds were witness to some fine Louisiana-bred stakes competition as well with the Crescent City Derby, Crescent City Oaks and Costa

Rising Stakes all on the days race card.

Delta Downs and Fair Grounds have completed their 2017-18 thoroughbred race meets. Louisiana Downs will be opening its thoroughbred meet May 4 and will run through September 26 highlighted by Louisiana Cup Day, Saturday, August 4th, and Super Derby Day, Sunday, September 2nd. Evangeline Downs has just begun its 2018 thoroughbred meet which will run through August 25. This year Louisiana Legends Night has moved from the traditional 4th of July Weekend to Memorial Day weekend and will be running Saturday, May 26.

Evangeline Downs stakes season kicks off with the Equine Sales Oaks, Friday, May 4th and the Equine Sales Derby, Saturday May 5th for three-year-old fillies and colts or geldings respectively that have passed through the Equine Sales ring. The timing of this is the perfect lead in to the Equine Sales Two-Year-Olds In Training Sale which follows with the breeze show Sunday, May 6th, and the auction on Monday, May the 7th. Currently there are 65 horses consigned to the sale with supplemental entries being accepted.

With the stakes races and the sale all in Opelousas that weekend,

nobody should have any excuse to miss the LTBA Annual Meeting and Awards Banquet which has changed venues and will be held at the Equine Sales facility starting at 5:00 p.m. on Sunday, May 6th. In addition to the awards presentations, the Overall 2017 Louisiana Bred Horse of the Year will be announced, and plans are being made to have a live band and dancing at the conclusion of the presentations. I hope to see a fantastic turn-out!

I encourage everyone to be actively involved in all aspects of our industry. Come to a board meeting; be informed and involved. Come to the races; bring your family and friends; the more interest we can generate, the better for all of us. "The more the merrier!" I hope to see big crowds at the Awards Banquet as well as the big Louisiana Bred stakes days at Evangeline Downs and Louisiana Downs.

We at the LTBA are doing all we can to be of service to you, the breeders. If you have any questions about our program, the staff in our offices at Fair Grounds and Louisiana Downs are happy to help. I personally am always happy to hear from you, especially with suggestions for improving our program.

Remembering Claude Williams

by Linda McLellan

There are certain people in everyone's lives that make an impact. They may be in one's life for many years, or a few. They can be relatives, friends, teachers, business associates or bosses.

Claude Williams was one of those for me. Claude hired me as a young designer to set up ad and editorial lay-outs for Louisiana Horse in February 1985. It was my first professional job. I only worked with him for a little over three years, and I didn't stay in contact with him over the years, but his recent passing caught me by surprise and has me thinking about how important those years were. (You can read his obituary on page 64 of this magazine)

Claude was an industry professional with the emphasis on professional. He knew the importance of a job well done, and expected nothing less of himself and the people who worked for him.

When Claude purchased Louisiana Horse from Jack Lohman, the magazine was a slim 36 pages (Oct. '83). The February March 1984 was 146 pages and chock full of interesting features. Claude was a real people person, a quality that served him well translating into ad sales, and in the oil boom of the 1980's the magazine did very well.

This was back in the day before desktop publishing. All text and ad copy was sent out to typesetters and would come back on galley sheets which were then "cut and pasted" onto art boards. Any corrections had to be sent back to the typesetter and returned. Then colors were specified on overlays. The art boards would then be sent to the

printer for proofs. Our office was a daily Fed Ex stop for pick ups and deliveries.

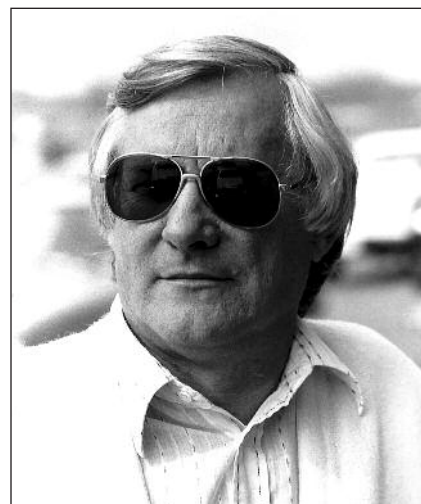

Stallion registers were particularly challenging. We proofed and re-proofed and re-proofed statistical pages and still would be cutting in little corrections at the last minute before sending the boards off. I remember one year especially. Claude and I set up with portable equipment in his son's dining room in Metairie. Claude finding final corrections and me cutting and pasting, a stud fee here, a Breeders' Cup nomination there. Cutting and switching individual numbers in a transposed phone number. Our goal was to get to the Fed Ex office for the last shipment of the day. We got there just under the wire, but we made it.

While Claude expected a lot of those around him, he always let you know your hard work was appreciated. And those long nights of meeting deadlines were rewarded with afternoons off when the workload was light.

Claude certainly had a way with words and a sense of humor. I have been looking back over some of his columns from the early days. In his first column as editor of Louisiana Horse he wrote about New Years Resolutions.

"I think I'll make my resolutions about the horse business. First of all I think I'll resolve not to dwell on the bad things in racing...Lord knows there are bad cooks in the world but I haven't stopped eating...."

"I'm going to resolve not to argue with the parking attendants at the racetracks. They've got a tough job standing out there in the cold

and rain trying to remember who parks where and what sticker goes in what lot. I do wish they would try to recognize me sometimes though. I've driven the same car (a '58 Edsel) through the same gate and parked in the same spot for 15 years. If they would remember me just once, it would do so much for my ego."

"I'm going to resolve not to get upset when a horse listed at 30 to 1 on the morning line gallops home 5 in front of the field and the infield toteboard shows him as the 6 to 5 favorite...just because he was beaten 26 lengths his last out and his owner filed a missing horse report the time before, doesn't mean anything. We all have our "off days". Any astute student of the game could see the track was different today, and there was a new boy up, and the sun was shining, and today is Friday, and this horse always runs better on Friday...."

I have been now been at Louisiana Horse for over 30 years. In that time I have seen many ups and downs in the industry, but I still try to publish a magazine that would meet Claude's standards.

The statistics contained in these rankings were furnished by The Jockey Club Information Systems, Inc. Data provided or compiled by The Jockey Club Information Systems, Inc. generally is accurate, but occasionally errors and omissions do occur as a result of incorrect data received by others, mistakes in processing and other causes. The Jockey Club Information Systems, Inc. disclaims responsibility for the consequences, if any, of such errors, but would appreciate them being called to its attention. Every effort is made to prevent errors and omissions, but The Louisiana Horse cannot guarantee their complete accuracy. An asterisk (*) indicates that a stallion had died - the sire will remain in the ranking until after his last Louisiana crop are two-year-olds. Statistics cover North American racing only. RESPONSIBLE HORSE OWNERSHIP?

If you died today....hmmm, that sounds harsh. How about if you and your entire family were swept up by an alien spaceship, never to return? I'm sure that there would be a lot of unfinished projects and people that wonder what happened to you, but what would happen to your horses? Do you have a contingency plan? This is just one of the items (perhaps the last item) on the long list of things we all strive to do to be more responsible horse owners.

The number one thing we at Louisiana Horse Rescue Association try to promote is responsible ownership. The truth is, if every person who bred a horse would give that animal a lifetime commitment to care for its needs, then we at LHRA would have all the time in the world to fly our airplane, fish or take up soap making or whatever else my membership may enjoy doing! Since this isn't feasible for a lot of folks, promoting responsible ownership is the next best thing for all of us and our horses.

For many people, becoming a responsible owner starts with the purchase of their first horse. Most unfortunately for the uneducated horse purchaser, there are a LOT of unscrupulous horse sellers who only want to make a few dollars at the expense of the horse and the new potential horse owners. Finding a horse suited for a person's needs is the first step toward success, and a mistake at this critical point can lead to a horrible

experience for all parties, especially the horse. This is where so many horse-human relationships go wrong.

It is critical for a buyer or adopter to be perfectly realistic and honest about his or her experience level and overall capability to work with a horse. It is also incumbent upon the seller or rescue to fully evaluate the shopper's skill level, patience and support system. No one wants to see a horse or its person get into a bad situation.

We recall a situation when a woman misrepresented her experience level and she hopped on a horse and trotted off with poor balance and fell backwards off the horse. She rolled "just right" and was seriously injured, despite her helmet. These are the stories we don't want to hear. Luckily she recovered and the horse did find a great home elsewhere, but you can be sure her seller was very diligent in vetting the new owner to ensure they were truly a match.

Next in evaluating a horse is overall health and suitability for intended purpose. This is where a good relationship with a vet becomes invaluable. X-rays can tell you a lot about the future viability of a performance horse, but they aren't definitive. Imaging can reveal a bone chip that will never bother the horse. An old injury that seems healed can become aggravated once the horse is put into work.

A vet's job is to give an opin-

ion. There is seldom a firm yes or no in a pre-purchase exam, but it is vital that a prospective owner fully understand the level of commitment that will be needed to do right by this horse.

Cost of care can be estimated for good health, but the potential for accidents and late night colic episodes that may land you at LSU or Delta Equine Center are possible financial events that cannot be discounted. An emergency care fund is a good contingency. You may also find a reputable insurance company with colic coverage or surgical reimbursement. Don't just tell yourself you will do whatever it takes when you accept a horse...horses are just as breakable as kids, and while we love them, you won't want to be caught in a lurch because you didn't plan for an unfortunate event.

In general, if you prepare a contingency plan—for survivorship, healthcare and maintenance, and choose the right horse, you are on the right path to responsible horse ownership. That means you are alright by us.

MUD, MILLIONS and MOBILE BAY

Louisiana Premier Night 2018

By Chad Cooper • Photos by Coady Photography

Mother Nature was not kind to Southwest Louisiana on February 10 as hours before post time, a deluge of rain was dumped upon Delta Downs in Vinton, Louisiana. The wet weather continued for the first third of the 15th annual Louisiana Premier Night, but the track crew did a phenomenal job with the track surface for the 12-race all-Louisiana bred program featuring over \$1 million in purse money including 10 stakes races.

And despite wet conditions, Louisiana millionaire and graded stakes winner Mobile Bay returned and successfully defended his Premier Night Championship title in dramatic fashion.

MOBILE BAY

**Lone Star Special — Tranquility Bay,
by Out of Place**

Breeder: Tigertail Ranch

Owner: Tigertail Ranch

Trainer: Victor Arceneaux

Jockey: Diego Saenz

The millionaire Mobile Bay (\$3.40) had to dig in deep to win his second consecutive Louisiana Premier Night Championship. The son of Lone Star Special had just five other rivals in the \$170,000 main attraction, but it was Underpressure who eyeballed him and gave him a serious challenge down the stretch.

Jockey Diego Saenz nested the Victor Arceneaux trainee right behind pacesetter Temprano through most of the trip then Saenz nudged his horse along to take command at the 3/4-pole. Mobile Bay had a short lead

as veteran rider Gerard Melancon and Underpressure made a swift rail move to go hoof-to-hoof with the champion. Yet as champion horses do, they find a way to win even by the closest of margins — a nose.

“I wanted to get the lead on a clean trip and that’s what I got,” said Saenz. “It’s fun to ride a big millionaire horse, but you get nervous,” he laughed.

Both horses seemed to hit the wire at the same time, but it didn’t take the placing judges long to call a winner, which was Mobile Bay covering the distance in 1:46.69. Race fractions were 24.65, 48.77, 1:14.08 and 1:39.81.

“This race reminded me of his last start at the Fair Grounds,” said Arceneaux, who was referring to

Mobile Bay’s nose victory in the \$150,000 Champions Day Classic back on Dec. 9, 2017. “He is just an awesome horse,” he said. “He finds a way to win.”

Melancon said the plan with Underpressure was to come around to the outside, but the rail opened up. “We got a great trip,” said Melancon. “I thought we were going to win, but we got out-bobbed at the wire.”

Mobile Bay has won his last four starts and has a record of 12 wins in 27 starts. A total of \$102,000 was deposited in his bankroll for career earnings \$1,198,440.

The official order of finish was Mobile Bay, Underpressure, Social Misfit, Grande Basin, Nubin Ridge and Temprano.

PACIFIC PINK

**Private Vow - Truly Romantic,
by Robyn Dancer.**

Breeder: Brandon Adcock

Owner: Keith Plaisance

Trainer: Edward J. Johnston

Jockey: Colby Hernandez

Most of the prerace attention belonged to last year’s Louisiana Premier Night Starlet winner Mr. Al’s Gal, and rightfully so. She was coming into the Distaff as winner of her last four starts at Delta and the betting public made her the even-money post time choice. But after all the mud flew, it was Pacific Pink receiving all the praise as she rallied past most of her rivals to win by 2 lengths covering 1 mile in 1:41.22.

Even more impressive was the fact it was the mare’s first win over the Delta track. She was second in the \$100,000 Magnolia Stakes losing by 2 lengths to Mr. Al’s Gal.

“I don’t know if she was 100 percent fit in that race,” said winning rider Colby Hernandez. “Tonight, there was a good pace up front and she always has that good late kick and it set up perfectly.”

Mr. Al’s Gal along with Believeinsomething and Hyper Piper all fought for the early lead setting fractions of 23.66 and 48.34. As the trio raced to the far turn, Hernandez guided Pacific Pink (\$7.20) through traffic then angled four-wide leaving no doubt who the

winner was going to be after spotting the field 10 lengths.

“She’s a hard worker and does everything you ask her to do,” said winning trainer Eddie Johnston. “She never runs a bad race.”

The daughter of Private Vow now has winnings of \$609,120 with 10 wins, seven of which are stakes victories, in 25 starts.

The official order of the LAPN Distaff was Pacific Pink, Hyper Piper, Mr. Al’s Gal, Sashimi Blaster, Shea’s Lil Shug, Sweet Pea Mama Ve and Believeinsomething.

REMEMBER DAISY

Misremembered - Very Speightstown,
by Speightstown

Breeder: Al Ulwelling & Bill Ulwelling

Owner: Al & Bill Ulwelling

Trainer: Gary M. Scherer • Jockey: Mitchell Murrill

The most dominating performance of this year's Louisiana Premier Night came as Mitchell Murrill piloted Remember Daisy (\$6.40) in the \$120,000 Starlet. The 3-year-old filly was making both her stakes and dirt debut for trainer Gary Scherer.

Sent to the gate as the public's second betting choice at 2-1, the daughter of Misremembered looked very professional as she and Murrill patiently stalked the leaders on the backstretch. Once she got the shake of the reigns down the stretch, she shook clear and drew off winning by 3 1/2 lengths covering 1 mile in 1:43.72 to win for her second time in three starts.

"This horse has been doing exceptionally well," said Murrill. "She has had the tendency to get out a bit, and she did that again on the backstretch and I had to fight her a little bit. She got going once she was settled."

Scherer said he wasn't worried about the sloppy track conditions because her mother won on a sloppy track.

"I claimed her mother Very Speightstown the first time out and I knew she could run both turf and dirt

and she had a 484 Tomlinson offtrack number," said Scherer. "Race week, she started getting some mucus and we were debating whether or not she could be ready to run in this race."

Scherer added that this filly is maturing and her paddock demeanor was very calm at Delta, but there wasn't an exact plan.

"The perfect route would be the Crescent City Oaks at the Fair Grounds," he said. "But we will see how she comes back and how she trains."

The official order of the Starlet was Remember Daisy, Sarah's Holy Belle, Yes Gorgeous, Miss Wekati, Anita Bonita, Bionic Butterfly, and Stella's Honor.

GLADYOUSAWME

Due Date - Flame Run,
by Hard Spun

Breeder: Bertram Klein & Richard Klein

Owner: Klein Racing

Trainer: Brad H. Cox • Jockey: Roberto Morales

Spotting the field five pounds, Klein Racing's Gladyou sawme pressed the pace in the 1 mile Louisiana Premier Night Prince, then managed to wrangle the lead late away from 16-1 longshot Ready Prospector to win the \$120,000 stakes by less than a length in 1:41.10.

"I thought there was a lot of the speed in the race, so I sat behind it," said jockey Roberto Morales, who won two stakes races on the night. "The horse was doing it pretty easy. I had a lot of horse and he just took off."

Gladyou sawme (\$10.60) is nearly perfect for trainer Brad Cox. The 3-year-old has won four of five starts including a perfect 3-for-3 at Delta Downs, for

\$202,800. It was the son of Due Date's second stakes win after winning the \$150,000 Louisiana Legacy at Delta last November.

The official order of the Louisiana Premier Night

Prince was Gladyou sawme, Ready Prospector, Bitsy's Afleet, Gracida, Greeley Went West, Cajun Creed, Double Star, Pound for Pound, Big Gig, and Da' Big Newt.

MONTE MAN

**Custom for Carlos - Sarah's My Angel,
by Sutter's Prospect**

Breeder: Val C. Murrell

Owner: Ivory Sisters Racing

Trainer: Ron Faucheux • Jockey: G. Melancon

It took Louisiana bred Monte Man nine tries before he broke his maiden. Now, most of those races were in the New York circuit at Belmont Park and Aqueduct. Some three races ago, the gelded son of Custom Carlos was claimed for \$25,000 to new owner Brian Ivery for trainer Ron Faucheux. Since then, three wins in a row.

Monte Man didn't get the best of starts out of the gate in his stakes debut and had quick fractions to chase after. Greeley's Wish then Win Lion Win took turns with the lead with sizzling times of 21.84, 45.45. It was then Melancon and his ride masterly moved through traffic.

"I didn't panic when I got left at the gates," said Melancon. I knew I had a good colt under me and I wanted to make it through traffic to get a clean shot. When we got to the turn, I knew we would be hard to beat." And that he did.

Melancon showed his craftsmanship with Monte Man (\$5.80) and went through, and around walls of traffic to take command of the race in the stretch to win by a neck over late-charging Sea Vow in 58.05 — the fastest 5 furlong time of the night.

"After Monte Man won in Saratoga in August, one of my owners Brian Ivery kept an eye on him," said Faucheux. "Knowing he still had the Louisiana bred

IX tag, we thought if we could get him to good form that he would be competitive in that spot and essentially he could pay for himself by just winning that race. Plus we actually trained this horse's half brother — All Owls — and we were very high on him as well."

Faucheux thought the horse looked relatively young, and that he was capable of further development.

"Once we got him to Louisiana we drew blood and noticed it was a little subpar, so we tackled that issue," he said. "We gave him a little time before his first race in Louisiana in December at the Fair Grounds and I believe that made a big difference in development."

The claim definitely paid off as Monte Man has been "the man" as of late with three straight wins, six overall in 24 efforts, for a bankroll of \$226,055.

The official order of the Louisiana Premier Night Sprint was Monte Man, Sea Vow, Win Lion Win, Jack Snipe's, Outofthisgalaxy, Wonder Run, Greeley's Wish, Laughingsaintsong, Just Kissing Buck, and Luke's Cajun Star.

OURS TO RUN

Half Ours - Brown Eyed Baby, by Mineshaft

Breeder: Clifford Grum

Owner: Colonel Thoroughbreds LLC

Trainer: Larry Jones • Jockey: Roberto Morales

Rounding the far turn in a 5 furlong hustle that saw quick fractions of 21.85 and 45.40, it looked as if one of three horses hitting the turn together including heavy favorite My Miss Chiff would be a victor. But turning for home, Ours to Run (\$11.20) had other plans.

Jockey Roberto Morales took the Half Ours filly four wide around My Miss Chiff, Shamrock Star and

Diamond Cutter. They looked to have cut off Shamrock Star by lugging in, but no harm no foul in the 3/4-length victory in 58.34.

“This is a very nice filly,” said Morales. “She was a little nervous during warm-ups because it was her first time here, but once she got settled, she did good.”

Ours to Run became a first time stakes winner with 6 victories in 12 races for career earnings of \$141,792.

The official order of the Louisiana Premier NightMatron was Ours to Run, My Miss Chiff, Shamrock Star, Diamond Cutter, Rachael’s Kiss, Rach’slastscarf, Elektracutioner and Conquest Tiz One.

THEORYINTOPRACTICE

Into Mischief - Cayman Colada by Yonaguska
Breeder: Cypress Bend Farm • Owner: Courtney Barousse
Trainer: Corale A. Richards • Jockey: Colby Hernandez

Theoryintopractice had competed in a stakes race once before. That came last summer at Evangeline Downs in the \$100,000 where he hooked up with one of the state’s top runners in Underpressure. She ran a respectable fourth, losing by just 6 lengths, so trainer Corale “Bunkie” Richards thought this was a good spot for him to earn his black type.

Coming into the Louisiana Premier Night Gentleman Starter with an impressive 6-length win in

the mud at the Fair Grounds in early January, the 4-year-old gelded son of Iron Mischief earned that black type that Bunkie spoke of and did so in relatively easy fashion.

“I’ve been studying the races tonight and saw the horses have been staying three-off from the rail,” said jockey Colby Hernandez, who won two Premier Night races. “He had no problems with the track and I tried to keep him in that position and had a great trip.”

The 1-1/2 length win for

Theoryintopractice (\$14) came in 1:48.28 for his fifth victory in 17 starts for \$113,377.

The official order of the Gentleman Starter was Theoryintopractice, Harbor Pilot, Bluegrass Punch, Couche Couche, Heavy On Themister, Randy Paul, B Brazin, Southern Mister, North Hullen, and Fancy This.

ZYANARA

Zong - Ore Money, by Not For Love
Owner/Breeder: Indian Creek Thoroughbred Farms, LLC
Trainer: Phillip Mark Dison • Jockey: Alfredo Contreras

Phillip Dison had won a few stakes races as an owner in Massachusetts, but now he is a winning trainer. Last summer, Dyson decided to begin training and less than a year later, he has a trophy.

At 28-1, Zyanara (\$59.20) and

rider Alfredo Contreras came rolling from last to first to win by a head to capture her first stakes and one for her owner.

“I saw a horse coming rolling late and the bad thing about it I didn’t know it was me,” said Dison,

who is the owner, trainer and breeder of Zyanara. “I didn’t think she fired, so I was looking at the horse

in last place.”

Dison said the daughter of Zong, who he also owns, ran a big race in allowance company last summer at the end of the meet at Evangeline Downs. She then had a start at the beginning of the Delta season and didn't run very well.

“When she came back from the race, we scoped her and found out

she was sick,” said Dison. “So I took a chance and dropped her in a \$5,000 claiming race and was hoping no one would claim her. She ended up winning that race so we thought we could take a chance in this stakes race.”

It was Zyanara's seventh win in 50 attempts for career earnings of \$113,377.

The official order of the Louisiana Premier Night Ladies Starter was Zyanara, Arctic Peace, Lefthoofrightleft, Cats Beauty, Miss Sid N Say, Salty Martini, Crowned Style, Ourgoldenshalylee, Ide Stang You, and Miss Ardyn.

ELEGANT IDEA

**Private Vow - I Have an Idea,
by Pine Bluff**

Breeder: Channon Farm, LLC

Owner: End Zone Athletics, Inc.

Trainer: Karl Broberg

Jockey: Odilon Martinez

Trainer/owner Karl Broberg said he didn't think Elegant Idea had a chance to win the Louisiana Premier Night Bon Temps Starter. He thought if the race fell apart, she could get some piece of it. Well, it wasn't just a piece — it was

the whole pie.

At 11-1 odds and one of three Broberg entries, the 5-year-old mare managed to sweep five wide, gain the lead and hold off another longshot to win by a length paying happy backers \$24.40.

“I don't really ride the jockey (Odilon Martinez), but he has had past success with her,” added Broberg.

The winning time was 59.32 and Elegant Idea improved to 5-28. Eight days after her Louisiana Premier Night win, she won a claiming race at the Fair Grounds.

The official order of the Bon

Temps Starter was Elegant Idea, Dale's Lil Sis, Just Glossy, Leave Em Counting, Ole Black Magic, Southern Wind, Tunica Girl, Lady Digger, Kylie's Cutie, and Oh No Petrino.

**Behindatthebar - Heroic Flight,
by Salt Lake**

Breeder: Divine Equine, LLC

Owner: Jacqueline Savoy

Trainer: Eduardo Ramirez

Jockey: Tim Thornton

The opening stakes race of the 2018 Louisiana Premier Night was not without drama. River Bobcat led gate-to-wire to win the \$60,000 competition, but rival Unitas clipped heels with the horse moments out of the gate and unseat-

ed rider Randy Edison, who escaped without injury.

The 5-year-old gelded runner of Behindatthebar and jockey Tim Thornton set furious fractions of 21.99, 45.99 and just hung on to win by 1 length in 59.33.

River Bobcat (\$5.60) was claimed for \$4,000 by trainer Eddie Ramirez last summer at Evangeline Downs.

“We just try to claim consistent horses,” said Ramirez. “This horse really likes Delta and that's what I was focusing on when we claimed him. This horse has been improving for me and today he did a tremen-

dous job on this sloppy track.”

The official order of the Louisiana Premier NightRagin Cajun Starter was River Bobcat, Reckless Ransom, Mars Curiosity, Forerun, Smoothmoney, and Unitas (who did not finish).

HARD ACES

Soundness, honesty and consistency are among the most desirable traits of a racing Thoroughbred. Breeders seeking those traits for their mares in 2018 need look no further than Averett Farm, where Hard Aces will stand the 2018 season at an introductory fee of \$2,000.

Bred and initially owned by Dreamchaser Thoroughbreds (the nom de course of trainer Larry Jones and partners), Hard Aces was privately acquired with the stallion barn in mind from Kosta and Pete Hronis' Hronis Racing, which had purchased the horse after his initial stakes victory in the 2015 Louisiana Handicap. The horse proved a lucrative purchase, picking up over \$1.1 million for the Hronis brothers and trainer John Sadler.

That total included the winner's purse from the 2015 Gold Cup at Santa Anita (G1), in which Hard Aces defeated grade 1 winners Hoppertunity, Finnegans Wake, and Moreno as well as multiple grade 1-placed multiple grade 2 winner Catch a Flight. Hard Aces also won the 2016 Cougar II Handicap (G3) and the 2017 Tokyo City Cup Stakes (G3) and retired having won or placed in 26 of 45 starts over six seasons of racing, bankrolling \$1,272,215 along the way.

A horse that took until age 5 to win a stakes race and had his best results in races of 10 furlongs or more may seem like an unlikely fit for the Louisiana market, with

its emphasis on precocity and speed. Looking closer, however, there is plenty in Hard Aces' pedigree to suggest that he may have the genetic wherewithal to blend successfully with more speed-oriented mates in the breeding shed while imparting his own stamina, durability and soundness.

To begin with, Hard Aces is a son of Darley stallion Hard Spun, the last male grade 1 winner sired by the great stallion Danzig. The winner of the 2007 King's Bishop Stakes (G1) over seven furlongs, Hard Spun had plenty of speed but at the same time had enough stamina to run second in the 2007 Kentucky Derby—Presented by Yum! Brands (G1) and Breeders' Cup Classic (G1).

Hard Spun has been primarily a sire of two-turn horses, but this has been at least in part a function of the type of mares he has most commonly seen—daughters of staying sires needing a boost in the speed department. In Hard Aces' dam All in With Aces, he got a mare with the potential for supplying more speed. Sired by NYRA Mile Stakes (G1) winner Quiet American, she was produced from Aces, a listed stakes winner as a juvenile and a daughter of two-time champion sprinter Housebuster. Aces, in turn, was produced from the Secretariat mare Sweetbreads, also the dam of Linkatariat (by Linkage), who was Grade 2-placed as a juvenile.

All in With Aces has produced five other winners, including 2017 Austintown Filly Sprint Stakes winner Astrollin-the park (by Divine Park), and all but one have been successful at sprint distances. A sprint winner in her own right, she is a half sister to Pray for Aces (by Pulpit), dam of 2009 Scandinavian champion 2-year-old male Aces Star (by Monarchos).

may work well with Hard Aces is Carson City, who brings in two strains that have worked well with Hard Spun in Blushing Groom (who is Housebuster's paternal grandsire) and Nijinsky II.

Rather surprisingly, mares from the Storm Cat line have not worked particularly well with Hard Spun, perhaps due to the knee issues common to both the Danzig and Storm Cat lines. Given

On bloodlines, Hard Aces appears to have a strong potential for crossing favorably with mares from the popular line of Unbridled's Song. Aside from the obvious—creating inbreeding to Fappiano, one of Mr. Prospector's best sire sons, via Unbridled and Quiet American—this is a strategy that creates a concentration of the bloodlines that Tartan Farm developed under the guidance of John Nerud. Hard Aces traces to these lines twice over, not only through his broodmare sire Quiet American but through his second dam's sire, Housebuster, whose broodmare sire Great Above is by Tartan stakes winner Minnesota Mac out of the brilliant sprint mare Ta Wee, a half sister to the immortal Dr. Fager. Adding to the appeal of the Unbridled's Song cross, Caro (the broodmare sire of Unbridled's Song) appears on the dam's side of Hard Spun's grade 1 winners Wicked Strong and Zo Impressive.

With only a single fourth-generation strain of Mr. Prospector through Quiet American, Hard Aces should also be a good cross for mares tracing to the great Claiborne stallion. The Gone West branch of Mr. Prospector may offer a particularly good fit, doubling up on Gone West's broodmare sire Secretariat as well as Mr. Prospector. Another Mr. Prospector strain that

Hard Aces' undoubted soundness, however, this cross may be worth pursuing provided that the mares selected possess both miler speed and proper knee conformation. Another Northern Dancer-line cross that may be worth exploring is daughters of Kitten's Joy, a grass-oriented mating that would cross the Danzig male line to which Hard Aces belongs over the male line of Sadler's Wells (the paternal grandsire of Kitten's Joy). This sire/broodmare sire line cross has met with significant success in Europe and, via Kitten's Joy, would also double up on Roberto, the second dam's sire of Hard Spun and sire of Kitten's Joy's broodmare sire Lear Fan. This is significant as doubling up on Roberto has been a winning strategy in Kitten's Joy's own success.

A medium-sized, beautifully balanced horse with an athletic build, Hard Aces should suit a wide variety of physical types in the mare population. His physical soundness is complemented by a relaxed, sensible disposition that undoubtedly contributed to his longevity on the racetrack. All told, he presents an attractive package for his advertised stud fee, and one with the potential to get horses that can compete both inside and outside Louisiana.

Three of the six candidates for Champion Two-Year-Old Filly were sired by Brittlyn Stable's Star Guitar. They finished first, second and third in the balloting with Testing One Two emerging on top.

A homebred for Brittlyn Stable, Testing One Two won two of three starts to come out with more votes than the other two Brittlyn Stable homebreds. It was more the ease with which Testing One Two won her two races that impressed voters and pushed her to an easy victory in the voting. Her maiden victory at Delta Downs in October was a six and three quarters score that was followed by a sixteen and half length nearly wire to wire win in the Louisiana Jewel. Her two wins and a third earned her \$114,135.

Star Guitar is the leading money winning Accredited Louisiana bred with earnings of \$1,749,862 and twenty-two stakes wins to his credit. He stands at Clear Creek Stud in

The champion Two-Year-Old Colt was purchased at a somewhat bargain price at the Equine Sales of Louisiana. Consigned by Red River Farm as Agent, Pound For Pound was acquired by Israel Flores for \$5,000. In his five starts in his juvenile year Pound For Pound won three races including the year ending Louisiana Futurity at the Fair Grounds Race Track. Previously third in the Louisiana Legacy at Delta Downs in November, Pound For Pound won an Allowance race only eight days prior to the Louisiana Futurity performance. The \$123,798 he earned in his initial year of racing represented a great return on investment for owner Israel Flores Horses LLC.

Pound For Pound is the first stakes winner by his multiple Graded Stakes winning sire, Redding Colliery. The son of Mineshaft earned \$776,885 while winning the Grade II Hawthorne Gold Cup and the Grade III Lone Star Park Handicap. He stands at

With six wins from eight starts it is easy to understand how Mr. Al's Gal repeated her championship year from last year. The champion at two is now the Three-Year-Old Champion Filly.

She started her year with a three and one half length win in the Azalea Stakes at Delta Downs in January. This was followed by an easy victory in the Louisiana Premier Night Starlet at Delta Downs and a come from behind score in the Crescent City Oaks at Fair Grounds. The fall of the year found her winning the Magnolia Stakes at Delta Downs. By the end of the year she had amassed earnings of \$278,600 in 2017 and set her lifetime earnings at \$378,380.

The Three-Year-Old Colt or Gelding division was a wide open division with none of the seven candidates winning more than one stakes race in the year.

Consistency and durability are what prevailed in this race. Underpressure was never off the board in twelve starts during the year. He aided his one stakes win in the Louisiana Legends Cheval Stakes at Evangeline Downs in midsummer with a second in the Fair Grounds' Crescent City Derby and thirds in both the Gold Cup at Delta Downs and in the Louisiana Champions Day Classic. Underpressure has earned nearly \$300,000 in fifteen starts.

Underpressure is by Birdstone, who won the Grade I Champagne Stakes at Belmont Park as a Two-Year-Old then added wins in the Grade I Belmont Stake and the Travers Stakes at Saratoga as a Three-Year-Old. It was easy for Big World to carry her championship honors as an older filly or mare. In her first start of the year, she easily captured the Louisiana Premier Night Distaff at Delta Downs. In March she won an allowance race at Oaklawn Park. To seal the deal she then won the Grade I La Troienne at Churchill Downs on Kentucky Oaks Day to add to her Grade III win in the Tempted Stakes as a 2-Year-Old.

For the year Big World started five times with three wins and a third and earnings of \$310,590. She ended her career with seven wins from thirteen starts (never missing a check) winning five stakes and earning \$629,190.

In the fall of the year Big World was sold for \$725,000 as a broodmare prospect at the Fasig-Tipton Kentucky November Sale.

For the fourth year in a row Mobile Bay has been chosen as a Champion in his age and sex division. His two wins for the year, (from only two starts) both came in \$150,000 races.

Early in the year Mobile Bay won the Louisiana Premier Night Championship Stakes at Delta Downs in February. He closed out the year with a hard fought victory in the Louisiana Champions Day Classic. Racing on the lead the whole race he was challenged in the stretch and actually lost the lead momentarily but showed his class by coming back to prevail by a nose. Mobile Bay's lifetime earnings of \$1,198,440 places him fifth on the all time Accredited Louisiana Bred runners list.

Passionate and

by Mary Marshall

Mark and Ashley Dison are not only passionate about thoroughbred racing and breedings, but also operate from a strong desire to get more people involved in the sport.

Ashley Dison with homebred Zyanara. The 4-year-old filly is the first Louisiana bred stakes winner by their stallion Zong.

A passion for Thoroughbred racing and breeding drives the success behind Mark and Ashley Dison's Indian Creek Thoroughbred Farms, LLC, located in Spearsville, Louisiana, just a stones throw from the Arkansas state line. The Dison's not only train, race and breed their own homebreds but manage a successful racing syndicate, breeding operation and stand three stallions on their vast 200-acre facility.

"To be able to live this lifestyle is a dream come true," said Mark, who trains the Indian Creek homebreds at Benton Training Center. "There is nothing more rewarding than experiencing the success of

training the horses you have bred, watching them run and win.

"It is a family affair for us, and we handle every aspect of it. I manage the stallions and oversee the breaking and training of the horses. Ashley manages the broodmares, foaling, the racing syndicate, public relations and keeps the books. Most of the time we don't get to bed until midnight, but we wouldn't live any other way."

The Dison's involvement in Thoroughbreds began in 2013 with the acquisition of a retired racehorse named Ponopaan that Mark's daughter Crystal purchased as a riding horse.

"Ponopaan wasn't in very good

shape," said Ashley. "He had a very infected cut on his leg and was very thin. Crystal took care of him, along with the help of our veterinarian Dr. Marion "Bat" Brantley. Within a few months, Ponopaan looked like a different horse. Crystal did ride him some, but she mainly just loved him. Even though he was a stallion, he was gentle as a lamb."

The addition of Ponopaan ignited a love for Thoroughbreds. Mark and Crystal decided to buy several broodmares privately and at the Keeneland Sales in Lexington, Kentucky. Along with the broodmares came the addition of a very special stallion with impressive

Sweet Paprika with her 2015 twin fillies. At three, they are now broken to ride, and have had some time on the eurozizer. Although they will likely end up at different levels, the Disons' goal is to eventually race them both.

physical and pedigree credentials.

“Mark and I found our (first) stallion Zong advertised for sale on the internet,” said Ashley. “He was owned by the Massachusetts Stallion Station which was going out of business. We drove to Massachusetts, fell in love and purchased him. We also ended up with five broodmares in foal to Zong, and four of his two-year-olds. One of those youngsters was Jeb, who earned over \$30,000 prior to being claimed by Massachusetts owners who continued her racing career. Jeb has now earned over \$170,000 and won several Massachusetts-bred stakes races. The other youngsters that we bought were all win-

ners including Tania who went on to win the fillies division of the 2016 Massachusetts Stallion Stakes under our ownership.”

Zong is a full brother to successful Louisiana-based stallion Half Ours, a two-time graded stakes winning son of Unbridled's Song out of the Storm Cat mare Zing. Half Ours has been the Andrew L. “Red” Erwin Stallion of the Year leading sire of Louisiana Breds for four consecutive years starting in 2014.

“Zong looks a lot like Half Ours,” said Ashley. “He is a striking gray, beautifully balanced and elegant. Zong, who sold for \$1.7 million as the highest-priced wean-

ling in North America in 2005, is a smart stallion, who always looks spectacular. He showed great ability as a 2-year-old, but he suffered a tendon injury in the gates during his first start at Belmont Park and was retired.

“We have 35-40 broodmares, all carefully chosen and most purchased at the Keeneland sale over the years,” Ashley continued. “We bred the mares back to Zong after they foaled. We have mares by AP Indy, Holy Bull, Theatrical, Stormy Atlantic, Miswaki, El Prado, Glitterman, Langfuhr, Storm Cat, ...Most of our mares were either stakes winners, stakes-placed or stakes producers.

“Since 2014, the first year we had foals born, we have become the breeders of around 70 foals--around 40 of those by Zong. We expect 15 more foals to be born here this year. Zong also has several foals due to be born on other farms this year.”

“We are really excited about our first full crop of Zong foals,” Mark added. “The best is yet to come. We have several three and four-year-olds that we have high hopes for.”

In addition to Zong, the Disons also stand Bashaar, a Grade 3 stakes-placed son of Street Cry (Ire) out of the stakes-placed Dixieland Band mare Basaata, and Grade 3 stakes winner Major Gain, by More Than Ready out of the Grade 3-placed stakes winner Dream Lady, by Old Trieste.

“In 2015 we purchased Bashaar, (bred by Shadwell Farm), at the Keeneland Sales,” said Ashley.

“John Jacinto, an accomplished jockey and friend of ours, accompanied Mark to the sale that year, and he talked Mark into purchasing him. Bashaar was 5 years old at the time and had already enjoyed a pretty successful racing career. We decided to race him for a few months before breeding him to a few of our mares in 2016. Bashaar has four yearlings now.

“We purchased Major Gain in 2017 and have a few mares lined up for him this year. Major Gain has only one yearling foal, bred in New York, which we also purchased,” she continued.

“Most of the foals we have bred are still with us and are either racing or are in training to. We have only sold two at auction and a couple privately. Our goal is to see that they all make it to the races to showcase our stallion’s ability to sire youngsters who can make it to

the races and win. That was our basic idea behind the creation of the Indian Creek Super 6 Racing partnership... it was a perfect way to get our homebreds to the race-track and into the winner’s circle, and provide others with an affordable way to enjoy the sport of horse racing without the overhead.”

Indian Creek Super 6 Racing, LLC, created in 2017, provided a way for the Disons to showcase their homebreds while offering the opportunity of a reasonably-priced racing partnership for 35 potential investors. The syndicate currently has approximately 15 investors. The initial cost for each one percent share in the group of six horses is \$1,500. The care and training cost for each share is \$100 per month, billed quarterly. No additional charges are incurred by investors. Each horse’s veterinary care, farrier care, feed, training, and any other

necessary expenses are all covered in the \$100 monthly fee per share. Indian Creek Thoroughbred Farms, LLC will retain 50 shares in the group of horses; otherwise if one percent of the cost in the group of horses happens to exceed \$100 the farm will pay the difference.

"This flat \$100 fee per month ensures that the partners' costs in their investments are fixed, making it easier for them to budget and to figure their profits," said Mark. "Compared with other racing partnerships on the market, ours are very affordable and have a much greater potential to be profitable. Our partnership shares allow most anyone who loves horse racing to own a competitive equine athlete and be a part of the exhilarating world of thoroughbred racing. We designed our ownership shares so our friends, family, and neighbors can afford to share in the excite-

ment we have been experiencing for several years with our horses.

"In 2013, we purchased our first broodmares, most of them in foal," Mark continued. "These foals began racing last year as three-year-olds. It's a wonderful feeling to see them run! More than anything, we want the foals born on our farm to grow into and become strong, successful athletes. We have experienced success in our racing endeavors, beginning with some of the first foals born on our farm. Dale's Lil Sis and Zyanara, both by our own stallion Zong, have together earned nearly \$160,000. Zyanara recently won the Louisiana Premier Night Ladies Starter Stakes at Delta Downs, and Dale's Lil Sis finished 2nd in the Louisiana Premier Night Bon Temps Starter Stakes at Delta Downs. Another of Zong's daughters, Tania, a filly we raised from a

weanling, ran twice in Massachusetts stakes races, winning one and running second in the other. We brought in nearly \$100,000 with Tania, alone. Yet another of Zong's daughters, Jeb, once owned by us, has earned more than \$170,000 so far."

Investors increase their odds of owning a winning racehorse with a percentage of ownership spread out over six horses which increases the probability of multiple wins and money earned.

"To give our partners more room for success and more memorable racing experiences, we are offering 1, 2, 3, and 4 percent shares in not one, but a group of six of our best two-year-olds," said Ashley. "These are the youngsters that we believe have the very best odds of becoming successful and profitable race horses. Compared with other racing partnerships on the market,

By offering our best young horses at affordable, fixed costs, we believe our partners will not only enjoy being a part of the world of horse ownership and racing, they will also stay within their budget, and will likely even make money.

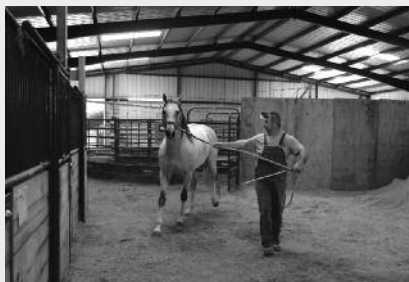

Mark and Ashley Dison bottle feed an orphan foal.

ours are much more affordable and have a much greater potential to be profitable. Our partnerships allow more people to be owners of more racehorses, which is beneficial to everyone, including us.

“By partnering with others on our horses, we can increase the number of horses we breed and own. The six horses we selected to share with our partners will always be accessible to every share owner. Our partners are welcome to visit the farm or race barn any time, to watch the horses train or to simply pet them. We take lots of photos and will be happy to share them with our partners via Facebook or email; this should be beneficial to our partners who are not local. Regular updates on the horses will also be posted to our partnership

Facebook page. Although we will act as managers of the partnership, we want all partners to be engaged in dialogue regarding the horses and their care. All partners can be assured that we at Indian Creek Thoroughbred Farms, LLC have the horses’ and our partners’ best interests at heart, as we are retaining for ourselves such a large stake in the horses.”

Mark Dison leads stallion Zong.

On March 6, the Dison’s received a visit from retired trainer Hal Wiggins and his wife Renee to examine the six youngsters in the partnership offering. Wiggins, who trained many outstanding horses but most notably 2009 Horse of the Year Rachel Alexandra, currently serves as the racing integrity officer at Oaklawn Park.

“Mr. Wiggins said that they were all A plus individuals,” said Ashley. “It was such an honor to have him visit and look at our youngsters. Tale of the Bull and Zongland really stood out to him. We can’t thank him enough for making the trip down to see our horses.”

The Dison’s racing partnership evolved out of a need to not only get their youngsters to the race-track, but a desire to get more people involved in the sport.

“We decided to begin offering partnerships with our two-year-olds, because there are so many that were born on our farm in 2016 that we strongly believe will be great runners,” Ashley said. “All six have exceptional pedigrees and highly favorable physical characteristics, indicative of good racehorses. By offering our best young horses at affordable, fixed costs, we believe our partners will not only enjoy being a part of the world of horse ownership and racing, they will also stay within their budget, and will likely even make money. What better way to enjoy standing in the winner’s circle with your own racehorse?”

EARLY PREGNANCY LOSS IN MARES

There are many reasons for early pregnancy loss in mares, and various risk factors. Dr. Ahmed Tibary, Professor of Theriogenology, Washington State University, recommends checking mares soon after breeding, and monitoring the pregnancy to make sure it is progressing normally.

“The first pregnancy check should be about 14 days after ovulation, with a couple of re-checks; one at about 25 to 28 days and another between 35 and 50 days. Mares have a high incidence of early embryonic death during the first 50 days of pregnancy. After she goes past the 35-day mark, when the endometrial cups are already formed, if she loses the pregnancy she will not come back into estrus,” he says. The endometrial cups on the placenta produce important hormones. If these are already formed, the mare may enter a pseudo-pregnancy state, which can last up to 4 months. This can be disappointing later, finding out that the mare is actually not pregnant.

Many studies have looked at how many mares failed to foal after diagnosed pregnant at 14 days. “There is a wide range of reported incidence of pregnancy loss, ranging from 2.5% up to 30%,” he says.

“We assume that a young maiden mare in good health, good body development, with no problems settling on the first cycle would

have less than 5% chance of losing the pregnancy,” says Tibary. The other extreme is a mare older than 18 years of age that has had problems with uterine infection, pregnancy loss or abortion in the past.

AGE OF MARES

“In the mare, the main risk factors are age-related changes to the uterus or to the quality of the oocyte. Just as in women, the eggs in an older mare may not be as viable as in a younger individual. The embryo itself (from the older mare), can be a factor in early embryonic death,” he explains.

The oocyte, the egg, from the older mare undergoes many changes that are not compatible with normal development. “Studies have shown that those changes, and poor quality of the oocyte, start showing up in some mares as early as 12 years. Definitely by 20 years, most mares will have some problems. In these mares we often see embryonic losses as high as 40 or 50%,” he says.

TIMING OF BREEDING

“The aging of oocytes can be due to the mare’s age, herself, but also the time elapsed from when it was ovulated. The longer we wait to breed the mare after she ovulates, the higher the risk for poor embryo quality.” The clock is ticking as the oocyte waits for fertilization.

“Before the oocyte dies, it can

still be fertilized, but it may be running out of optimum ability for good development. We see this happen when people take chances and still breed the mare even if it’s been a bit too long after ovulation. Sometimes you end up with a pregnancy at 14 days, but it doesn’t continue to develop,” says Tibary.

In these instances it might be better to wait until the next heat cycle to breed the mare, rather than start a pregnancy that won’t be viable. You may actually save time by waiting, rather than have the mare become pregnant and lose it and have to start over later. “This is the frustrating part. You gamble, and get a positive result at 14 days (you can see the embryo), but then you have to wait to see if the pregnancy will maintain or not. Usually those embryos from older oocytes are smaller than normal,” he says.

UTERINE ENVIRONMENT

“In the uterus, we look at whether there is inflammation and whether it is acute or chronic. Chronic inflammation can be the biggest risk factor for loss of pregnancy. This is why every mare going into the breeding shed should have an endometrial biopsy, particularly if she has history of infertility or recurrent pregnancy loss. Then we can more accurately determine her chances for the embryo to fix normally (and get enough nutrients from the

uterus), and for maintaining pregnancy to term. We look at whether there is scar tissue or fibrosis of the endometrium,” he says.

UTERINE CYSTS

“In older mares (and sometimes younger mares) that have had several pregnancies we may also see uterine cysts. There is debate about whether these cysts are linked to early pregnancy loss. There is some evidence that these may affect pregnancy loss. A German study has shown that when there are large cysts or more than 5 of them, the risk for losing pregnancy is increased,” he says.

Uterine cysts may hinder movement of the embryo within the uterus, before it fixes. “This move-

ment signals its existence (maternal recognition of pregnancy),” Tibary explains. If trans-uterine embryo migration is hindered, the mare is unable to recognize that she’s pregnant, the uterus releases prostaglandin F2 alpha (which stimulates the corpus luteum—the source of progesterone) and she returns to estrus.

“Another thing that may happen is that the embryo may fix near a cluster of cysts or near a large cyst. Then the fixation is more precarious. Mares have a better chance of maintaining pregnancy if these cysts are removed. A study done at Equine Services Surgical Hospital in Kentucky showed that when they treated these mares, 60% of the mares that could be followed got

pregnant after the laser surgery, and maintained the pregnancies,” says Tibary.

PROGESTERONE DEFICIENCY

“The problem most talked about as a cause of early embryonic loss in mares, and most commonly treated, is progesterone insufficiency. But this cause is very hard to prove. Many people just put mares on progesterone. If their history has indications that they may be at higher risk of losing the pregnancy or they’ve had loss of pregnancy before, they are generally put on progesterone supplementation, such as Regumate® (altrenogest), and it may help in some cases. We also put mares on progesterone any

HOW CAN WE TELL IF A PREGNANCY MAY BE AT RISK?

“There are indications that sometimes tell us we are dealing with a non-viable pregnancy, though we can’t start evaluating the embryo/pregnancy until 12 to 14 days with ultrasound. We need to check the health of that vesicle and whether it is of appropriate size for that day of pregnancy,” he says.

This is also when the veterinarian can see if there are twins. “The embryo does not stop migration until day 16. If there are twins, you still have a chance to crush one of the embryos, which allows the other one to develop normally,” says Tibary.

“If the vesicle does not stop moving after day 16, this is an indication something is wrong. The embryo has to fix at the base of the horn by day 16 or it will not survive. Another thing we look for is where the embryo stops. If it fixes in the body of the uterus instead of at the base of a horn, we know it will likely not be carried to term,” he says.

“We also look for presence of edema. If there is a pregnancy but also excessive edema, this tells us something is wrong with the hormonal environment. If I see a pregnancy on ultrasound, but the uterus on palpation does not feel toned (nice and

tubular) this suggests there is something wrong with either the uterus or the hormonal environment—particularly the level of progesterone,” he explains.

“We like to see a proper embryo by day 21 or 22 and by day 25 we need to see a heartbeat. If we do a pregnancy diagnosis at 14 days and everything looks good, we want to check again at day 25 or 28. Then we can evaluate the presence of fetal heartbeat, growth of the vesicle, etc. There are situations in which the vesicle will develop, and be maintained for up to 30 days, without a proper embryo inside it (ghost pregnancy). It’s just the outer membrane sitting there; the embryo inside it died earlier,” he says.

Later ultrasound examination looks at fluid and membranes. “We can detect a dislodged vesicle, loss of fluid, etc. These can indicate whether a pregnancy is viable or not. If I see a good vesicle but the tone is not what I’d like, I may put the mare on altrenogest (synthetic progesterone, such as Regumate®),” he says.

time they have a situation that may threaten a loss of pregnancy—such as a bout of fever,” he says.

STRESS FROM DISEASE, INFECTIONS, TEMPERATURE

Systemic disease may have an impact on whether the mare maintains pregnancy. Any medical situation that puts stress on the mare such as high fever, or any disease that is linked to production of endotoxin, will jeopardize the pregnancy. “The inflammation, endotoxins, etc. will create an environment incompatible with maintenance of the CL function, and affect the CL’s secretion of prostaglandin,” says Tibary.

High environmental temperatures and humidity may lead to loss of pregnancy. “I haven’t seen this in the U.S. but when I was practicing in the UAE, where temperature and humidity were very high, we could hardly keep mares pregnant, particularly if adverse conditions occurred early in the pregnancy,” he says. Stress from high heat, systemic infection, severe pain, laminitis, etc. can cause lower progesterone levels. If the mare colics during early pregnancy, for instance, or undergoes surgery—with possibility of endotoxemia—this may compromise the quality of the CL.

LACTATION STATUS

Whether or not the mare has a foal at her side may also make a difference. “According to one study, lactating mares seem to have double the rate of pregnancy loss compared to non-lactating mares. I think it’s not lactation per se that causes this problem, as much as the affect of lactation on the mare. This would include affect of nutrition and body condition. Studies from South Africa show that nutrition (quality of energy and protein) will affect maintenance of pregnancy via the quality of the CL and production of progesterone,” says Tibary. If the mare has trouble trying to maintain herself, feed her foal, and start a pregnancy, the pregnancy is sacrificed.

FOAL HEAT BREEDING

“Some early studies showed that foal heat breeding results in less fertilization and probably more incidence of early embryonic death than waiting until the next heat cycle. Other studies have shown foal heat breeding is successful—as long as the mare has no complications from foaling,” says Tibary. This must be considered case by case. Some mares need more time to recover from foaling.

OTHER CAUSES

“Fescue toxicosis can be a problem for late term pregnancies, but

mares on endophyte-infected fescue pastures can also have higher rates of early pregnancy loss. This is generally due to reduction in the hormone prolactin,” says Tibary. Endophyte-infected fescue pastures should be avoided for broodmares.

Early pregnancy loss has also been associated with MRLS (mare reproductive loss syndrome). “Those losses are generally later than 50 days, and closer to foaling, but there were some between 80 and 120 days gestation,” he says.

Some stallions seem to produce pregnancies at higher risk for loss. “There may be some abnormality in their DNA (chromatin) in the spermatozoa. These factors are hard to identify, unless we are dealing with stallions that have bred many mares and we have rigorous data on the outcome of breeding,” says Tibary.

Similarly, in maiden mares that experience repeated pregnancy losses, there may be individual problems. “A report from University of Kentucky showed that some of these mares have normal cycles, they become pregnant when bred, but lose the pregnancy due to a chromosomal abnormality. The embryo or fetus can’t get past a certain stage. The chromosomal abnormality leads to a problem in development.” This is a genetic factor that results in pregnancy loss.

New Award for Top Louisiana-Bred at 2018 Thoroughbred Makeover

The Retired Racehorse Project (RRP) has announced that a new special award will be offered at the 2018 Thoroughbred Makeover, presented by Thoroughbred Charities of America and taking place Oct. 4-7 at the Kentucky Horse Park in Lexington, KY.

The Louisiana Thoroughbred Breeders Association (LTBA) is sponsoring a \$2,500 cash prize for the top-placed Louisiana-bred at the competition. Ten Louisiana-breds took part in the 2017 Thoroughbred Makeover, competing in eventing, dressage, show jumpers, show hunters, and polo.

“The Louisiana Thoroughbred Breeders Association continues to make an investment in the future of our Thoroughbreds by helping our former runners secure a beautiful life after their time on the racetrack is done,” said Roger Heitzmann III, secretary-treasurer of LTBA. “We believe that by assisting the Retired Racehorse Project, former racers have the ability to show to others the true beauty of the Thoroughbred, as well as their continued usefulness.”

The LTBA award will be presented to the Louisiana-bred that earns the highest percentage of the total possible score in any of the 10 disciplines offered. Almost 800 trainers have been accepted to compete in the 2018 event. Many trainers have not yet purchased the horse they intend to compete, and

The LTBA holds drawings for two \$1,000 scholarships at Louisiana Premier Night at Delta Downs on February 10. Pictured above are (L-R) Roger Heitzmann, LTBA Secretary/Treasurer with scholarship winners Katie Duplechin, McNeese State University, and Devin Henry- SOWELA Technical Community College.

the cash award will offer an extra incentive to shop for an eligible mount bred in the Pelican State.

“I’m especially enthusiastic about the LTBA providing an award for Louisiana-breds,” said retired jockey and RRP board member Rosie Napravnik, who is based in New Orleans and markets retiring Thoroughbreds for second careers. “This will boost the market for horses in Louisiana.”

Any Jockey Club-registered Thoroughbred that raced or had a published work on or after July 1, 2016, is eligible to compete in the Makeover, as long as the horse did not start retraining for a second career prior to Dec. 1, 2017.

The Thoroughbred Makeover is the flagship event for RRP, a 501(c)3 non-profit committed to increasing the demand for and

value of Thoroughbreds in their careers after racing. Sponsorship opportunities are still available for the 2018 Thoroughbred Makeover.

Delta Downs Announces '17-18 Season Leaders

Delta Downs closed out its 2017-18 Thoroughbred season on Saturday, March 10, 2018. During

the night, the track honored its leading horsemen for the 84-day meeting that began on October 18.

Jockey Diego Saenz won his second consecutive and fourth leading rider title overall at Delta Downs this year while Karl Broberg won his seventh consecutive leading trainer crown. The title of leading owner went to End Zone Athletics, Inc. for the sixth time in the last seven years. End Zone Athletics, Inc. is made up of Karl Broberg and Matt Johanson.

Saenz led all jockeys in terms of wins and mount earnings as he enjoyed 109 trips to the winner's circle while his mounts earned a total of \$2,530,635. The 39-year-old resident of Carencro, Louisiana had previously won titles during the 2009-10, 2013-14, and 2016-17 seasons.

Karl Broberg saddled 83 winners to capture the leading trainer crown during the season and his barn also led all trainers in earnings with a total of \$1,801,310. The 47-year-old resident of Arlington, Texas began his current streak of leading trainer titles at Delta Downs during the 2011-12 season and has led the entire nation in wins for four calendar years in a row, 2014-2017.

End Zone Athletics Inc. saw 43 of their runners make it to the winner's circle from 175 starts this year to earn the leading owner title again this year. The barn, which is made up of primarily allowance and claiming horses, tallied total earnings of \$854,250.

Lone Star Announces 2018 Purse Increase

Lone Star Park has announced an increase in overnight race purses for the 2018 Thoroughbred season

which opens April 19. All overnight races will see an increase of \$2,000 each in purse money. Some overnight race categories will see as much as a 25% gain in their purses. No race throughout the 44-day season will have less than \$10,000 in purse money offered.

This is the most significant increase to Thoroughbred purses in a decade. Track officials cited handle gains in all three categories (on-track live, off-track and simulcasting) as the major source of funding for the purse increase. And with a few less race days this year the track was able to share the monies that would have been allocated to those races.

Louisiana Horsemen Aim to Strengthen Aftercare Support

The Louisiana Horsemen's Benevolent and Protective Association supports state legislation that would make changes to its aftercare program the organization believes will lead to greater participation.

Lawmakers are considering changes after stories and social media posts showed Thoroughbreds who had raced at Delta Downs in kill pens. Industry groups also are rallying to put additional safety nets in place.

The issues in Louisiana proved a timely topic for a panel on aftercare at the National Horsemen's Benevolent and Protective Association convention March 15 in New Orleans.

Louisiana HBPA president Benard Chatters said his organization supports the proposed legislation, which would have all horse-

men participate in a program of financial support for aftercare that could be based on a per-start basis or a commitment from purse earnings. Chatters said the current Louisiana HBPA program allows horsemen to opt in to support aftercare, but he believes moving to a system where horsemen are in the program unless they opt out will

see improved participation.

Patrick Richmond, president of Louisiana Horse Rescue Assoc., said aftercare groups would like to see a commitment of \$5 a start. Chatters said Louisiana HBPA might be more receptive to a plan that makes a commitment from purse earnings after a horse has won. Thoroughbred Aftercare Alliance operations consultant Stacie Clark, who moderated the panel, said either type of approach can work.

Chatters noted, with the emergence of social media, a small percentage of horsemen not acting properly can endanger the sport.

"The largest percentage of trainers and owners are responsible," Chatters said. "It only takes one person, or one horse. ... Something happens in some remote corner of the state, and all of a sudden it's all over the nation because of social media."

Veterinarian Hebert, Kohl's Pharmacy Fined, Sentenced in Dermorphin Criminal Case

On Nov. 7, 2017, a federal jury found a Lake Charles veterinarian and a Nebraska pharmacy guilty of conspiring to sell an unapproved opioid drug 40 times more powerful than morphine for the purpose of improving the performance of race horses.

Kyle James Hebert, 42, of Lake Charles, La., and Kohl's Pharmacy & Healthcare Inc. of Omaha, Neb., were sentenced in February reports katc.com.

Evidence admitted at trial revealed that from November 11, 2010, to December 2012, Hebert, Kohl's Pharmacy & Healthcare Inc. of Omaha, Neb., which operat-

ed as Essential Pharmacy Compounding, and others conspired to distribute a synthetic form of the drug Dermorphin, which was then given to racehorses to improve their racing performance. Essential Pharmacy Compounding was found to have repackaged a synthetic form of the drug that it obtained from a California chemical company, labeled it as D-

Peptide, and sold it to Hebert and other veterinarians.

Hebert then put the drug into syringes and gave the loaded syringes to the racetrack trainers tasked with the horses' care. Dermorphin is a strong painkiller that masks horses' pain and any pre-existing injuries. Depending on dosage, it can also act as a stimulant when injected in horses. The

Food and Drug Administration has not approved the drug for use in humans or animals. Known widely as "frog juice" or "kambo," dermorphin in its natural form comes from the excretion of Amazonian tree frogs.

Hebert was sentenced to 15 months in prison, having been found guilty of one count of conspiracy, two counts of receipt of

AAEP Updates Infectious Disease Guidelines, Addresses *Rhodococcus equi*

Updated Infectious Disease Control Guidelines, including newly created guidelines for *Rhodococcus equi*, have been published by the American Association of Equine Practitioners and are available on the AAEP's website.

Most of the changes to established guidelines pertain to updated sampling and control measures. The AAEP's Infectious Disease Committee also amended suspected case guidelines for respiratory, neurologic and clostridial diarrhea to outline appropriate actions and steps for suspected cases; and several resource documents for sampling and equine herpesvirus.

Rhodococcus equi has been added to the existing list of available infectious disease guidelines.

All of the guidelines have been reformatted for improved consistency and navigation. The guidelines documents are now available as PDFs, enabling practitioners to save the guidelines to their portable

devices for access offline in the field. They also contain links to other resources on all disease conditions for those wanting additional reference material.

Visit <https://aaep.org/guidelines/infectious-disease-control/using-guidelines> to view the new and updated guidelines or to save them to your phone or tablet for future reference.

Prominent Owner Tom Benson Dies

Tom Benson, a Louisiana sports icon who took his football and his basketball with a healthy side of horse racing, died March 15 at Oschner Medical Center in Jefferson, La. He was 90.

While they dabbled in racehorse ownership in the 1970s and 1980s, the Bensons returned to the sport after a multi-decade absence with renewed vigor in 2014.

From their first modern crop of yearlings, they campaigned not one, but two starters in the 2016 Kentucky Derby—graded stakes winner Mo Tom (eighth for trainer Tom Amoss) and multiple graded stakes winner Tom's Ready (12th for trainer Dallas Stewart).

Greg Bense, general manager of the Benson family's GMB Racing, said, "We had tremendous, uncanny success. He [Benson] realized that was not the norm in this business. It started out as a hobby for us, and now it's nearly a \$21 million business."

Equine Artist Stone Dies at Age 87

Equine artist Fred Stone, whose works are in the White House and Buckingham Palace, died Feb. 4. He was 87.

Stone studied art at the Otis Art Institute as a child. Later, he attended The Art Center School and Chouinard Art Institute in Los Angeles. Stone worked as a commercial artist and painted backgrounds for the film industry. In the late 1970s he turned to painting racehorses.

Stone's large murals can be found all over the world, including the world's largest horse mural at the Paris Hotel in Las Vegas.

Throughout his career, Stone donated proceeds from the sale of various prints to many equine-related charities.

"I have been fortunate," Stone said in a 1990 BloodHorse story. "I made my career from horse racing and I want to share that with others."

Three-Year Racehorse Depreciation Returns Retroactively For 2017

Friday, February 9, 2018 President Trump signed into law the Bipartisan Budget Act, a bill that among other measures extends retroactively for fiscal year 2017 uniform three-year racehorse depreciation, an important tax provision supported by the National Thoroughbred Racing Association (NTRA) that expired in 2016 alongside certain other expired tax provisions. The bill also funds the federal government until March 23.

Three-year depreciation is an investment incentive for racehorse owners that had been in place for several years before expiring at the end of 2016.

Prior to the 2008 Farm Bill, which became effective January 1, 2009, racehorses 24 months of age and younger when purchased and placed in service, were depreciated on a seven-year schedule that did not accurately reflect the length of a typical racehorse's career.

The NTRA will continue to advocate for tax policies that accurately reflect our unique industry.

Appropriations Bill Could Provide H-2B Visa Relief

Congress on the morning of March 23 passed a Fiscal 2018 omnibus appropriations bill, which includes language that could almost double the number of H-2B visas available, potentially improving a dire situation for Thoroughbred trainers who depend on these visas for the industry's sizable foreign temporary workforce.

The bill provides the Secretary of Homeland Security the authority to raise the cap on H-2B visas if the Secretary, in consultation with the

Department of Labor, determines there is an economic need.

If the omnibus spending bill is signed into law by President Trump, the total number of H-2B workers that may enter the U.S. during fiscal 2018, which ends on Sept. 30, 2018, will then be capped at 129,547. If fully implemented, this new cap would be equal to the number of new and returning H-2B workers admitted to the U.S. in fiscal 2007, which is the fiscal year when the highest number of H-2B foreign temporary workers participated in the H-2B program.

The NTRA, through its membership in the H-2B Workforce Coalition, will urge the Administration to swiftly implement this H-2B cap relief and will continue to encourage Congress to pass permanent H-2B cap relief.

Trainers Wanted for 2-Year-Olds in Training Survey

When starting research on injury rates and types of injuries in young Thoroughbreds in training, University of Kentucky Gluck Equine Center scientist and veterinarian Dr. Allen Page discovered he had no current statistics for North America with which to make any comparisons.

Page is hoping to fill this gap with an ongoing appeal to Thoroughbred breaking and training centers in the U.S. and Canada to provide weekly injury and illness reports on 2-year-olds that have not been breezed yet.

Working with Dr. Tim Parkin, a professor of veterinary epidemiology at the University of Glasgow who does statistical modeling for The Jockey Club's Equine Injury Database, Page has developed a

survey that should be easy for trainers to fill out on a mobile phone or tablet.

Trainers are being asked to answer a handful of questions each week about the horses in their care, including the number of training days missed and the reasons for the missed training. They are also asked to record for each horse the number of works or breezes, the distances for each, and the surface of the track or gallop.

While the year's 2-year-olds in training sales season has begun, Page hopes to collect some data while laying the foundation for more widespread participation starting next fall.

Page only wants trainers participating because they are working hands-on with the horses every day. Also, Page stressed, the information provided is confidential.

"We rely on trainers providing us honest information, so when we publish results, we never publish names," Page said. "We don't publish anything that can be tied to a specific trainer, owner, or horses."

While some participants may be concerned, too, about what the results of such a survey might show, Page points to the progress made at North American racetracks because of the Equine Injury Database. The racetrack fatal injury rate has dropped four consecutive years and is down 23% since 2009, according to an analysis released in March 2017.

AHCF 2017 Economic Impact Study

The equine industry in the U.S. generates approximately \$122 billion in total economic impact, an increase from \$102 billion in the 2005 Economic Impact Study. The

industry also provides a total employment impact of 1.74 million, and generates \$79 billion in total salaries, wages, and benefits. The current number of horses in the United States stands at 7.2 million.

Additionally 38 million, or 30.5%, of U.S. households contain a horse enthusiast, and 38% of participants are under the age of 18.

The study looked at four main sectors, Recreation, Racing, and Competition, and Working Horses. The Racing sector continues to have the largest economic impact: supporting more than 241,000 direct jobs and adding \$15.6 billion in direct value to the U.S. economy. At Thoroughbred and Quarter Horse racetracks, approximately \$11 billion in wagering occurred in 2016, and tracks had \$1.2 billion in total purses.

The National Economic Impact Study is available for purchase through the AHC website here: <http://www.horsecouncil.org/horsecouncil-publications/>. Additionally, the 15 state breakouts will be available for purchase by the beginning of April. If you have any questions, please contact the AHC at info@horsecouncil.org.

Warren J Harang III called the meeting to order and asked Jake Delhomme to lead us in prayer.

Jake Delhomme led us in prayer.

Warren asked Roger Heitzmann to call the roll. Jay Adcock, Brett Brinkman, Neal McFadden, and Jim Montgomery were absent. A quorum was present and the meeting was ready to proceed with business.

Warren requested from the board if there were any changes to be made in their conflict policies.

Roger read the conflict policy submitted by Nathan Granger.

Nathan Granger is in partnerships owning mares with Jay Adcock, and Jake Delhomme. Nathan is also a partner with Jay Adcock with the stallion Bind.

Warren Harang III requested from the members of the Board an approval of the minutes of the October 10, 2017 BOD Meeting in Carencro LA. Charlotte Clavier made a motion to approve the minutes as presented. Tom Early seconded the motion which was voted on and passed unanimously.

Next item on the agenda was the Legislative report from Harry Beniot. Roger Heitzmann informed the Board that Harry called in sick and was unable to make it. Jake informed the board that we would be discussing some of this in an upcoming agenda item.

The next topic on the agenda was the assisting of both Evangeline Down and Delta Downs in the payment for television coverage. After discussion Jake made a motion not to donate \$5000 to both Delta Downs and Evangeline Downs for additional television coverage but to use the monies for more important issues like keeping contact with our state government. This motion was seconded by Val Murrell, which was voted on and passed unanimously.

Discussion led by Roger and Mike McHalfey, a member of the Louisiana Racing Commission, took place in regards to a Task Force being led by the Racing Commission on future gaming. The main issue of today is to get the Board informed of some meetings that have taken place, the information gathered, and how the BOD of the Louisiana Thoroughbred Breeders Association feel moving forward and how they would approach a split of possible monies. Much discussion took place on this topic. After discussion on the possible monies generated by new gaming opportunities Michele Rodriguez made a motion that the LTBA stay firm and not go

lower than an offer 80/20 with the Louisiana Quarter Horse Breeders Association on any new splits that may be awarded. This motion was seconded by Michele LaVoice, which was voted on and passed unanimously.

Discussion continued to take place on how the LTBA and the LSRC can continue to work together for the betterment of racing in the state.

Charlotte explained the concept of Thoroughbred Makeover to the board. It's an aftercare program that unwanted thoroughbreds are retrained for other careers including sporting events. After discussion Michele Rodriguez made a motion that the Association participate and offer a \$1000 sponsorship and a prize of \$2500 to be divided to Accredited Louisiana Breds that may win the Thoroughbred Makeover. The motion was seconded by Jake Delhomme, which was voted on and passed unanimously.

Warren then requested committee reports:

Committee Reports:

By-Law: Val Murrell – Chairman

Val reported that the committee had a meeting earlier to speak about the breed back rules and regulations. The main goal is to simplify the rules and make them more clear as to what is an Accredited Louisiana Bred.

Finance & Audit – Tom Early – Chairman

Tom requested that it be moved to the end of the meeting

Government Affairs – Jake Delhomme – Chairman

Jake reported that the luncheon with the Acadia Caucus is scheduled for April 24, 2018 in the Capital Building. He also noted that other topics were covered earlier in the meeting.

Grievance – Michelle LaVoice – Chairperson

The first grievance addressed was the inspection disqualification of the foals bred out of the mares Dyna Likes Bingo, Expect Misty, Missy's Deelite, Sheza Fast Momma, Into Running, Madame Maggie, and Spicy Abby. After hearing all the evidence presented by Mike Whitler and Michele Rodriguez, Charlotte Clavier made a motion that the owner/breeder of the foals out of Madame Maggie, and Spicy Abby be fined an amount of \$500 for each violation. This motion was seconded by Michele Rodriguez which was voted on and passed unanimously.

The second grievance is in regards to the 2016 foal out of the mare Tessitura. After receiving an invitation to attend the owner/breeder of the said foal, unable to attend notified by phone that they would accept any punishment he received from the Board. After finding that the owner/breeder provided false information to the office of the Louisiana Thoroughbred Breeders Association to assist in the sale of the foal as an accredited Louisiana Bred, and such information found to be fraudulent after investigation, causing the accreditation to be removed by the Board, which resulted in the Board making said buyer whole with a cash payment, the board ruled the following. Nathan Granger made the motion that the owner/breeder be suspended for a period of no less than five years and fined the amount of \$25,000 to be taken from any breeders awards he may receive. If at the end of the five year period that the fine amount still has a balance, they will remain suspended until said balance is paid in full. This motion was seconded by Charlotte Clavier, which was voted on and passed unanimously.

The third grievance filed by the owner/breeder of the 2016 foal out of the mare Aljarah was dropped and the foal will remain ineligible for accreditation.

LTBA/HBPA Liaison Committee – Val Murrell – Chairman

Val reported that we are working closely with the HBPA on upcoming legislature.

L.T.B.A. MINUTES

LTBA/LSRC Liaison Committee – Jake Delhomme – Chairman

Jake thanked Commissioner Mike McHalfhey for coming and conveying information on upcoming events.

Inspection Committee – Brett Brinkman – Chairman

Brett was not present and had no report. However, there was discussion on the number of mares in the state and how we may improve that.

Membership & Nominating Committee –

Charlotte Clavier – Chairperson

Charlotte yielded the floor to Tom Early who spoke on the declining number of members of the association. Discussion took place on ways to turn around the declining numbers. Val suggested changing the breed back rules to entice people from out of state to re-enter the program. Several ideas were discussed but ended with no motion at this time. Warren instructed the members of the board to put their ideas on paper and submit them to the By-Law Committee.

PAC Committee – Michele Rodriguez – Chairperson

Michele had no report for this meeting.

Salary and Benefits – Tom Early – Chairman

Tom requested Executive Session. Michele Rodriguez seconded the motion which was voted on and passed unanimously. Nathan Granger made a motion to end Executive Session. Jake Delhomme seconded the motion which was voted on and passed unanimously. Michele Rodriguez informed Roger that while in Executive Session the Board passed unanimously that the full time employees of the association receive a Christmas

bonus. The total of the Christmas bonus to be given was \$2300.

Moving back to the Finance and Audit Committee all Board members acknowledged that they received the Financial Statement ending September 30, of 2017 as well as the budget to actual. They also agreed that all received the Budget for 2018.

Michele Rodriguez made a motion to adjust the 2017 budget by \$25,000 to cover the payment made on the unaccredited 2016 foal out of the mare Tessituta, to the buyer of said foal protecting the Association from possible lawsuit. This motion was seconded by Jake Delhomme which was voted on and passed unanimously.

Charlotte then made a motion to accept the 2017 Finance Report ending September 30, 2017 and to also accept the Budget for 2018. This motion was seconded by Michele LaVoice, which was voted on and passed unanimously.
